Value Realization in the Phygital Reality Market Lin Huang, Biao Gao, Mengjia Gao, 2023-08-09 This book is a timely and much needed comprehensive compilation that reflects the development of research on consumption and communication in the conflation of the real and digital worlds bringing together the current state of thinking about the phygital reality market and the cutting edge challenges that are involved In this book the term phygital reality market is used implying that the physical digital and virtual realms are fused into one to recognize and understand the market with multiple or mixed realities The concept of the phygital reality market captures the new realities that consumers are shopping consuming and living and companies are competing within the physical digital and virtual marketplaces The book covers the research on consumption service and communication in the phygital reality market and compiles the current state of thinking challenges and cases having to do with the acceptance and diffusion of new technologies of phygital reality The interest in the phygital reality market such as omnichannel retailing integrating physical stores and online services has grown hugely over the last two decades particularly since the coronavirus pandemic COVID triggered severe social and economic disruption around the world but has accelerated the acceptance and diffusion of new technologies in the phygital reality market where the physical digital and virtual worlds are conflated Versatile problem solving and new challenges are reflected in the value realization

process of innovation in other words widespread acceptance and diffusion of devices or services that embody new technologies The excitement and hype associated with the metaverse have highlighted the need to understand the creation and adoption of new technologies in consumption and marketing recognition of the foundational role of new technologies in driving consumer behavior and marketing theory and practice in value realization as a vital part of the process of digital transformation

HELP, MY CHILD WANTS TO BE A YOUTUBER! Joan Pont, I d rather have Twitch ban me than lose all my videos I think I ve been Shadow banned If you don t understand these phrases that are constantly repeated in your house you need this book Your children are growing up and are no longer just watching videos on their mobiles but are fully immersed in the digital world The Internet has very good and very bad things and if you are left out you are leaving your children unprotected Fortnite Roblox Tik tok or Twitch children spend more time on these platforms than in the real world Help my kid wants to be a youtuber is a guide that from the direct experience of a digital parent will keep you up to date with what 21st century kids are finding on the Internet

Parenting in a Digital World Catherine Page Jeffery, 2025-03-17 This book focuses on the challenges of parenting in the digital age providing a counter narrative to and critique of risk and cyber safety narratives as well as some suggestions for a way forward Drawing on qualitative research with Australian families this book explores the knowledges practices anxieties and lived experiences of families themselves It demonstrates that the realities of family life in the digital age are more complex than the headlines and cyber safety advice would have us believe as parents grapple with balancing their own anxieties and social expectations about what it means to be a good parent with the practices desires and rights of their child It addresses key questions including How much attention should we pay to media headlines about the dangers of contemporary media What is actually worrying Australian parents and how do they address these concerns Why do young people love media so much How capable are young people of actually managing online risk What is the right way to parent in the digital age to ensure young people s safety and wellbeing while minimising family conflict Aimed at media studies scholars and students as well as parents and policy makers seeking a more comprehensive understanding of the broader academic research surrounding young people media and parenting this book argues that parent and child knowledges practices and experiences must be better accounted for within the online safety ecosystem as well as in policy development and that families need encouragement and guidance to help them adopt more democratic approaches to parenting in the digital age

Digital Play Therapy Jessica Stone, 2021-12-28 The newly updated Digital Play Therapy focuses on the responsible integration of technology into play therapy during and after the COVID 19 pandemic With respect for the many different modalities and approaches under the play therapy umbrella this book incorporates therapist fundamentals play therapy tenets and practical information for the responsible integration of digital tools into play therapy treatment All chapters have been updated and new chapters discuss strategies for using teletherapy effectively during and beyond the pandemic This revised edition provides a solid grounding both for clinicians who are brand new to the

incorporation of digital tools as well as for those who have already begun to witness digital play therapy's power
