English abstract This paper analyses the factors and the potential economic impacts of the Made in China 2025 MIC 25 plans on German OEMs in the automotive sector German automobile enterprises are currently facing with substantial transformations and challenges precipitated by the rapid advancements in China's automotive sector notably in electric vehicle production and sales These developments are undermining Germany's erstwhile hegemony in the automobile especially for the Chinese market China has already made significant progress in the domestic market after more than 40 years as the market leader Volkswagen was displaced by BYD in February 2023 The Chinese producers are likewise aiming high for their sales numbers on the German market The primary research objectives of this thesis are to conduct a semi systematic literature review and analyses on German OEMs primarily for the Chinese market to identify the respective competitive advantages Specially this paper examines the development key indicators of the Chinese electric vehicle EV market in terms of market share and government regulations To achieve this goal this thesis focuses on two research questions with a particular emphasis on pure electric vehicles BEVs 1 What are the economic impacts of MIC 25 for the German OEMs in the automobile industry 2 What opportunities and challenges arise from MIC 25 for the German automobile industry

Mass Media in 2025 Erwin Kenneth Thomas, Brown H. Carpenter, 2001-08-30 The future of mass media may appear unpredictable and too complex to fathom but Mass Media in 2025 takes a scholarly theoretical approach to identifying trends and explaining their possibilities Noted contributors approach a variety of media with a solid grounding in the history of each and an eye for which may be vulnerable and which may thrive in the new technological age Trends such as interactivity and niche building will affect everything from the newspaper to public relations and this collection of essays provides a fascinating guide to where the next decades may take us Regardless of the visual aural or printed form Mass Media in 2025 illustrates the degree to which older media will have to incorporate the level of interaction and specialization offered by newer media if they are to survive These effects can already be seen in the proliferation of television channels in the ironic bent of advertising in the rise of infotainment in news organizations This book shows not only how all of this has come to be but also more importantly where it will go
