Psychological Influence Tools Forest Greenpath, AI, 2025-02-21 Psychological Influence Tools explores the core principles of persuasion emphasizing how understanding human behavior can lead to more effective and ethical communication. It dives into the psychology behind why certain messages resonate, revealing how cognitive biases and emotional responses shape our decisions. The book argues that effective persuasion isn't about manipulation but about understanding and addressing the other person's motivations and needs. The book's approach is grounded in empirical evidence drawing from psychology, social science, and communication studies. The book introduces foundational concepts like cognitive dissonance and social proof, demonstrating how these principles influence our perceptions. It then progresses to explore specific influence tools such as framing and the use of emotional appeals, illustrating how subtle changes can dramatically alter outcomes. A key focus is rapport building, as trust is essential for lasting influence. Ultimately, the book integrates these diverse perspectives into a holistic framework for ethical persuasion, providing readers with actionable insights applicable to various real-world scenarios.

Proceedings of the 2024 2nd International Conference on Management Innovation and Economy Development (MIED 2024) Barbara Siuta-Tokarska, Adriana Grigorescu, Yifeng Zhu, 2024-10-10 This book is open access. Economic development is one of the necessary conditions for social development, and management innovation is an inherent attribute of societies, countries, governments, and enterprises. With the advent of globalization in the 21st century, enterprises, governments, countries, and other organizational units have put forward higher requirements for management innovation, and economic development is seeing major challenges. The 2nd International Conference on Management Innovation and Economy Development (MIED 2024) will be held in Guilin, China, on June 28-30, 2024. The conference aims to provide a platform for experts, scholars, engineering technicians, and technical R & D personnel engaged in the research of economics and management to share scientific research achievements and cutting-edge technologies, understand academic development trends, broaden research ideas, strengthen academic research and exploration, and promote cooperation in the industrialization of academic achievements. The conference cordially invites experts, scholars, business professionals, and other relevant personnel from domestic and foreign universities, research institutions, and other relevant personnel to participate and exchange ideas. We cordially invite you to submit papers and look forward to meeting you in MIED 2024.

Adoption and Implementation of AI in Customer Relationship Management Singh, Surabhi, 2021-10-15 Integration of artificial intelligence (AI) into customer relationship management (CRM) automates the sales, marketing, and services in organizations. An AI-powered CRM is capable of learning from past decisions and historical patterns to score the best leads for sales. AI will also be able to predict future customer behavior. These tactics lead to better and more effective marketing strategies and increase the scope of customer services, which allow businesses to build healthier relationships with their consumer base.
