A virtual conference ADDT 2022 created a forum for idea sharing and research exchange, opened up new perspectives in related fields and broadened the horizons of all participants. In the conference, 150 individuals around the world took part. Divided into three parts, the conference agenda covered keynote speeches, oral presentations, and online Q&A discussion. Firstly, the keynote speakers were each allocated 30-45 minutes to address their speeches. Then, in the oral presentations, the excellent papers we had selected were presented by their authors one by one. We are glad to share with you that we've selected a bunch of high-quality papers from the submissions and compiled them into the proceedings after rigorously reviewing them. These papers feature but are not limited to the following topics: Computer Art, Visual Design, Digital Media, Innovative Technology, etc. All the papers have been checked through rigorous review and processes to meet the requirements of publication. We would like to acknowledge all of those who supported ADDT 2022 and made it a great success. In particular, we would like to thank the European Alliance for Innovation (EAI) for the hard work of all its colleagues in publishing this paper volume. We sincerely hope that the ADDT 2022 turned out to be a forum for excellent discussions that enable new ideas to come about promoting collaborative research.
