Stakeholder Capitalism Klaus Schwab, 2021-01-07 Reimagining our global economy so it becomes more sustainable and prosperous for all Our global economic system is broken But we can replace the current picture of global upheaval unsustainability and uncertainty with one of an economy that works for all people and the planet First we must eliminate rising income inequality within societies where productivity and wage growth has slowed Second we must reduce the dampening effect of monopoly market power wielded by large corporations on innovation and productivity gains And finally the short sighted exploitation of natural resources that is corroding the environment and affecting the lives of many for the worse must end The debate over the causes of the broken economy laissez faire government poorly managed globalization the rise of technology in favor of the few or yet another reason is wide open Stakeholder Capitalism A Global Economy that Works for Progress People and Planet argues convincingly that if we don't start with recognizing the true shape of our problems our current system will continue to fail us To help us see our challenges more clearly Schwab the Founder and Executive Chairman of the World Economic Forum looks for the real causes of our system's shortcomings and for solutions in best practices from around the world in places as diverse as China Denmark Ethiopia Germany Indonesia New Zealand and Singapore And in doing so Schwab finds emerging examples of new ways of doing things that provide grounds for hope including Individual agency how countries and policies can make a difference against large external forces A clearly defined social contract agreement on shared values and goals allows government business and individuals to produce the most optimal outcomes Planning for future generations short sighted presentism harms our shared future and that of those yet to be born Better measures of economic success move beyond a myopic focus on GDP to more complete human scaled measures of societal flourishing By accurately describing our real situation Stakeholder Capitalism is able to pinpoint achievable ways to deal with our problems Chapter by chapter Professor Schwab shows us that there are ways for everyone at all levels of society to reshape the broken pieces of the global economy and country by country company by

company and citizen by citizen glue them back together in a way that benefits us all *Der poetisch Sprachgebrauch in den Sogen* Heinrich Ziegler,1883 **Conceptualizing the Regulatory Thicket** Shen Wei,2020-10-18 This book examines the regulatory framework regulatory objectives regulatory logics regulatory instruments regulatory failures and regulatory responses in China s financial market after the global financial crisis The book provides an in depth analysis of China s contemporary financial regulatory system focusing on risks regulation and policies in practice By drawing on public and private interest theories relating to financial regulation the book contends that the controlled development of the banking sector and the financial sector generally has transformed China s banks into more market oriented institutions and increased public sector growth However China s financial market and financial regulation have some inherent weaknesses and deficiencies This book also offers insights into how this can be improved or adapted to minimize systemic risks in China s financial sector This book tries to prove that financial regulation is not just a vehicle for maintaining efficient financial markets but a primary tool through which the Chinese government achieves its political and economic objectives More fundamentally according to the law and finance theory strong market and vibrant judicial systems are needed to further modernize China s financial markets and market economy The book will be a useful reference for anyone interested in learning from the Chinese experience **König Alfreds übersetzung von Bedas Kirchengeschichte** Saint Bede (the Venerable),1898 **Der poetische Sprachgebrauch in den sogen.
