Try Common Sense Philip K. Howard, 2019-01-29 Award winning author Philip K Howard lays out the blueprint for a new American society In this brief and powerful book Philip K Howard attacks the failed ideologies of both parties and proposes a radical simplification of government to re empower Americans in their daily choices Nothing will make sense until people are free to roll up their sleeves and make things work The first steps are to abandon the philosophy of correctness and our devotion to mindless compliance Americans are a practical people They want government to be practical Washington can t do anything practically Worse its bureaucracy prevents Americans from doing what s sensible

Conservative bluster won't fix this problem Liberal hand wringing won't work either Frustrated voters reach for extremist leaders but they too get bogged down in the bureaucracy that has accumulated over the past century Howard shows how America can push the reset button and create simpler frameworks focused on public goals where officials prepare for the shock are actually accountable for getting the job done A Government Ill Executed Paul C. Light, 2009-09-30 The federal government is having increasing difficulty faithfully executing the laws which is what Alexander Hamilton called the true test of a good government This book diagnoses the symptoms explains their general causes and proposes ways to improve the effectiveness of the federal government Employing Hamilton's seven measures of an energetic federal service Paul Light shows how the government is wanting in each measure After assessing the federal report card Light offers a comprehensive agenda for reform including new laws limiting the number of political appointees reducing the layers of government management reducing the size of government as its Baby Boom employees retire revitalizing the federal career and reducing the heavy outsourcing of federal work Although there are many ways to fix each of the seven problems with government only a comprehensive agenda will bring the kind of reform needed to reverse the overall erosion of the capacity to faithfully execute all the laws *Human Capital 2002* Mark A. Abramson, Nicole Willenz Gardner, 2002-03-26 Human Capital 2002 provides eight studies on the state of human capital in government today From these studies Mark A Abramson Ruby Butler DeMesme and Nicole Willenz Gardner describe the human capital challenge now facing government and how it might best respond to the people and workplace challenge it now faces Public Integrity, 2000 Understanding Your Social Agency Armand Lauffer, 2011 Understanding Your Nonprofit Agency written by internationally renowned scholar Armand Lauffer will fill the growing need for the distinction between corporate business operations and nonprofit operations The book will focus on how nonprofit agencies operate and not how they are managed It has been assumed that both entities function similarly Currently this assumption is increasingly seen as groundless nonprofit and profit driven organizations have different goals and function differently from each other This text addresses the current trend to differentiate how nonprofits are distinct Public Administration Review Leonard Dupee White, 2001 Includes section Reviews of books and documents **Subject Guide to Books in Print**, 1991 **Refounding Public Administration** Gary L. Wamsley, 1990-06 Refounding Public Administration redefines the legitimate role of the public administrator and creates a normative theory of the development of American public administration It is an extension of the Blacksburg Manifesto which was the result of the Blacksburg Conference and as such will produce considerable academic dialogue and controversy *Index de Périodiques Canadiens*, 2001 **Journal of Leisurability**, 1998 Books in Print Supplement, 2002 *Public Service* Marc Holzer, 2018-03-05 This volume includes perspectives on public service selected from six decades of major public administration journals Recurring themes include motivations to enter the public service positive and negative images of public servants and of government conflicts between loyalty to the organization and loyalty to the public morale burnout and turnover The volume

also includes cross national analyses of the public service in other systems proposals for rethinking public service systems and questions as to the future of the public service It recaptures a long continuing debate as to the health of the public service and in so doing suggests agendas for university research and administrative action *Proceedings of the Public Service Commission for the First District. State of New York* New York (State). Public Service Commission. First District,1918 Biennial Report of the Public Service Commission of Wisconsin Public Service Commission of Wisconsin,1993 **Annual Report of the Alabama Public Service Commission for the Fiscal Year Ending September 30, ...** Alabama Public Service Commission,1996 **The Pursuit of Significance** Robert B.
