These are essays indeed but generally not the sort taught in schools or that I taught for forty years not in the elegant Intro Thesis Proof Conclusion tradition but more in the older tradition of Michel de Montaigne and les essais and of satire That is they are attempts explorations and well also traps where I wander around a bit in apparent innocence and then spring on readers a possibly outrageous idea one they wouldn't have considered for a moment if I hadn't lulled them you into trusting me a bit Some of the essays are also in the satiric tradition where one tries for some startling combinations of learned language and vulgarity short shocker sentences in the midst of some knotty convolutions Anyway the essays usually do come to some fairly clear fairly serious non random conclusion and Views can't be entirely without form So my initial editor and I have arranged them into categories The overarching meta category for most is POLITICS or POLITICS AND CULTURE I was brought up political in Chicago and have remained true to my breeding as a thoroughly political animal and of course I am a student of and participant in at least a couple of cultures      *R.R.
