Das große Experiment Yascha Mounk, 2022-04-01 Kann Demokratie in einer diversen Gesellschaft funktionieren Politikwissenschaftler Yascha Mounk zeigt wie dieses Experiment gelingt Er liefert die Gebrauchsanweisung f r unsere plurale Gesellschaft Zu den St rken des Buches geh rt es dass er das Spannungsverh ltnis zwischen Diversit t und Demokratie klar benennt Die angels chsische Methode komplizierte politikwissenschaftliche Sachverhalte interessant und verst ndlich darzulegen machen das Buch zu einer empfehlenswerten Lekt re Das Parlament Ein wertvoller Beitrag in der heutigen Zeit Handelsblatt Yascha Mounk geh rt zu den originellsten Denkern der Gegenwart J dische Allgemeine Demokratie indes ist immer auch die Suche nach Mehrheiten Yascha Mounk zeigt in seinem Buch eindr cklich auf wie beherrscht Menschen sich zu Gruppen zusammenschlie en Bayerischer Rundfunk Globalisierung Migration und Identit tspolitik pr gen Deutschland und stellen das politische Systems vor ungeahnte Herausforderungen Wie kann eine demokratische Verfassung die sozialen und politischen Zentrifugalkr fte einer multiethnischen Gesellschaft einhegen ohne dabei die liberale Idee zu verraten Der renommierte Politologe Yascha Mounk zeigt in seinem neuen Sachbuch nicht nur die Hindernisse auf die das Experiment einer diversen Gesellschaft trifft Er liefert auch die Anleitung f r eine intakte multiethnischen Demokratie Klarsichtig und mit analytischer Sch rfe widmet er sich den Argumenten die von rechts und links kommen eine wegweisende Verteidigung pluralistischer Prinzipien Denn nie war es wichtiger als heute ber die Balance von Gleichheit und individueller

Freiheit nachzudenken Yascha Mounk untersucht zunächst woran multiethnische Gesellschaften scheitern und warum ein Weiter so nicht reicht In einem zweiten Schritt legt er dar was die Grundpfeiler einer diversen Demokratie sind und lotet das Verhältnis von Individualismus und Gemeinschaft aus Schließlich schildert Mounk warum es sich lohnt das große Experiment zu wagen und warum die Antwort auf die Herausforderung Diversität nur die liberale Demokratie sein kann Denn bei allen Unterschieden kommt es am Ende auch in einer vielfältigen Demokratie auf die Gemeinsamkeiten an Yascha Mounk 1982 in München geboren ist Politikwissenschaftler und Associate Professor an der Johns Hopkins Universität Darüber hinaus hat er die einflussreiche Zeitschrift Persuasion gegründet und schreibt u a für die New York Times den Atlantic und die ZEIT Bei Droemer erschien 2018 Der Zerfall der Demokratie *The Campus Rape Frenzy* KC Johnson, Stuart Taylor, Jr., 2018-05-22 In recent years politicians led by President Obama and prominent senators and governors have teamed with extremists on campus to portray our nation's institutions of higher learning as awash in a violent crime wave and to suggest preposterously that university leaders professors and students are indifferent to female sexual assault victims in their midst Neither of these claims has any bearing to reality But they have achieved widespread acceptance thanks in part to misleading alarms from the Obama administration and biased media coverage led by The New York Times The frenzy about campus rape has helped stimulate and has been fanned by ideologically skewed campus sexual assault policies and lawless commands issued by federal bureaucrats to force the nation's all too compliant colleges and universities essentially to presume the guilt of accused students The result has been a widespread disregard of such bedrock American principles as the presumption of innocence and the need for fair play This book uses hard facts to set the record straight It explores among other things nearly two dozen of the cases since 2010 in which students who in all likelihood would have or have subsequently been found not guilty in a court of law have in a lopsided process been hastily and carelessly branded as sex criminals and expelled or otherwise punished by their colleges often after being tarred and feathered by their fellow students And it shows why all students and eventually society as a whole are harmed when our nation's universities abandon pursuit of truth and seek instead to accommodate the passions of the mob As detailed in the new Epilogue some encouraging events have transpired since this book was first published in October 2016 A majority of the judicial rulings in dozens of lawsuits by male students claiming their schools treated them unfairly and discriminated against them based on their gender have rebuked the schools for their handling of these cases And Education Secretary Betsy DeVos called for fairness to accused students and accusers alike revoked most of the guilt presuming Obama era policies and began a protracted rule making process designed to compel procedural fairness and nondiscrimination Canadian Book Review Annual ,1986 Subscription Reviews , **Video Rating Guide for Libraries** ,1991 *Landers Film Reviews* ,1986 *Free China Review* ,1994 The Routledge International Handbook of Global Therapeutic Cultures Daniel Nehring, Ole Jacob Madsen, Edgar Cabanas, China Mills, Dylan Kerrigan, 2020-08-24 The Routledge International Handbook of Global Therapeutic Cultures explores central lines

of enquiry and seminal scholarship on therapeutic cultures popular psychology and the happiness industry Bringing together studies of therapeutic cultures from sociology anthropology psychology education politics law history social work cultural studies development studies and American Indian studies it adopts a consciously global focus combining studies of the psychologisation of social life from across the world Thematically organised it offers historical accounts of the growing prominence of therapeutic discourses and practices in everyday life before moving to consider the construction of self identity in the context of the diffusion of therapeutic discourses in connection with the global spread of capitalism With attention to the ways in which emotional language has brought new problematisations of the dichotomy between the normal and the pathological as well as significant transformations of key institutions such as work family education and religion it examines emergent trends in therapeutic culture and explores the manner in which the advent of new therapeutic technologies the political interest in happiness and the radical privatisation and financialisation of social life converge to remake self identities and modes of everyday experience Finally the volume features the work of scholars who have foregrounded the historical and contemporary implication of psychotherapeutic practices in processes of globalisation and colonial and postcolonial modes of social organisation Presenting agenda setting research to encourage interdisciplinary and international dialogue and foster the development of a distinctive new field of social research The Routledge International Handbook of Global Therapeutic Cultures will appeal to scholars across the social sciences with interests in the advance of therapeutic discourses and practices in an increasingly psychologised society
