Memes – Formen und Folgen eines Internetphänomens Joanna Nowotny, Julian Reidy, 2022-03-14 Memes dienen nicht nur der popkulturellen Unterhaltung oder der Kunst sie werden auch in der Politik in lokalen und internationalen Wahlk mpfen oder auf Demonstrationen verwendet In ihrer typischsten Form sind sie Text Bild Gef ge die sich digital mit viraler Geschwindigkeit verbreiten und transformieren Joanna Nowotny und Julian Reidy nehmen sich dieses Internetph nomens aus kulturwissenschaftlicher Perspektive an Sie betreten Neuland indem sie einzelne Memes kasuistisch analysieren und ihre Erkenntnisse systematisieren um diese digitale Kommunikationsform definitorisch neu zu bestimmen in stetem Bezug zu anderen digitalen Ph nomenen wie dem trolling

The Meme as the Message Joanna Nowotny, Julian Reidy, 2025-10-31 This book sheds light on the phenomenon of memes covering everything from pandemic humour to far right propaganda from feminist memes to algorithmic censorship Memes are far more than light entertainment they are complex cultural artefacts that play a role in politics in art and in platform economics Taking a cultural studies perspective the authors analyse individual memes in entertaining case studies systematising their findings in order to redefine this digital form of communication Chapters connect memes with other digital phenomena such as trolling and combine extensive close readings of exemplary individual memes with regards to form and aesthetics with an acute awareness of power dynamics and other context phenomena surrounding memes The book develops an innovative theoretical approach that presents the term memesis to capture the very specific quality of meme production and reception as a form of collective creative rewriting of a template in accordance with algorithmic logic Offering an important contribution not only to the still young field of meme studies but also to the general negotiations of questions around digital literacy this book will interest not only scholars and students of digital media visual communication cultural studies and media and politics but anyone with a keen interest in digital culture and how it shapes our lives

The Routledge Handbook of Political Communication in Ibero-America Andreu Casero-Ripollés, Paulo Carlos López-López, 2024-10-31 The Routledge Handbook of Political Communication in Ibero America addresses the relationship between communication politics and digital technologies in Latin American and the Iberian Peninsula a geographical space linked by social cultural and linguistic aspects In recent years digital media have been central in the dialogue established by political parties institutions the media and citizens In this hybrid space emerged certain phenomena that are of interest particularly in the Ibero American landscape including disinformation and fake news protests on social media the organization of social movements the relationship between the press and the state political participation populism the role played by emotions and memes the impact of AI and platformization on politics and topics of debate in the public sphere This Handbook is structured into nine parts beginning with a historical contextualization and then exploring central aspects of the discipline It then goes on to study trends at the regional level increasing knowledge about how political communication and digital technologies are changing multiple aspects of Ibero American societies where

political communication plays a fundamental role especially in electoral processes with its consequent effects on democracy This Handbook will be of interest to academics students and professionals in the fields of political science communication journalism advertising marketing and sociology as well as public opinion consulting It will be of particular interest to undergraduate and postgraduate students from Latin America Portugal and Spain *International Medical Graduates in the United States* Hassaan Tohid,Howard Maibach,2021-01-04 Thousands of international medical graduates come to the United States to start their career as physicians Many of them however are not aware of the challenges and problems that they may encounter along the way These difficulties can range from the language and cultural barriers to a lack of confidence and self esteem Many students are also unaware of the other career options besides getting into a clinical residency program As a result of these issues a great number of foreign medical students remain unmatched into the National Resident Matching Program Not matching can be devastating for these graduates both financially and medically Students often suffer from psychological effects like major depression and generalized anxiety disorder This book outlines the potential problems faced by these graduates and their possible solutions Each chapter collects research evidence interviews and surveys to gather information to work on each possible problem one by one and describes a solution in great detail Comprised of thirty chapters each chapter is broken down into smaller sub sections to investigate the main theme in depth Issues addressed include the different types of international medical graduates and their lives in the United States differences in the education system and healthcare system the triangle of residency language and cultural barriers lack of professional contacts confidence self image and self esteem issues and restriction to specific fields and career paths Written by experts in the field *International Medical Graduates in the United States* is a first of its kind text that addresses the biggest issues faced by foreign medical graduates in today s world *Deconstructing the Education-Industrial Complex in the Digital Age* Loveless, Douglas,Sullivan, Pamela,Dredger, Katie,Burns, Jim,2017-01-10 Developments in the education field are affected by numerous and often conflicting social cultural and economic factors With the increasing corporatization of education teaching and learning paradigms are continuously altered *Deconstructing the Education Industrial Complex in the Digital Age* is an authoritative reference source for the latest scholarly research on the shifting structure of school models in response to technological advances and corporate presence in educational contexts Highlighting a comprehensive range of pertinent topics such as teacher education digital literacy and neoliberalism this book is ideally designed for educators professionals graduate students researchers and academics interested in the implications of the education industrial complex

this concept one step further by offering scores of marketing ideas that are completely free He proves that aggressive marketing doesn't have to be expensive if you use creative and unconventional means Hold a giveaway contest You'll attract customers and acquire names for your mailing list Give free talks consultations and demonstrations You'll establish yourself as an expert and publicize your business at the same time Post on websites bulletin boards and other online communities They offer countless opportunities for spreading your business message Feed your clients Sending cookies or offering free refreshments in your store can set you apart from the competition Levinson offers dozens of other tips some straightforward many surprising in a unique indispensable guide that proves you don't have to pay top dollar to improve your bottom line

Philosophes Critiques D'eux-mêmes, 1980 Hispanic Nation Geoffrey E. Fox, 1996 Surely as notable as Earl Shorris Latinos or Linda Chavez's controversial *Out of the Barrios* this book takes an ambitious look at the personal and social consequences of a sweeping identity shift to the melting pot that is America *RAOP*, 1997 **International Journal of Musicology**, 2002 Winning the Race John McWhorter, 2006-12-28 In his first major book on the state of black America since the New York Times bestseller *Losing the Race* John McWhorter argues that a renewed commitment to achievement and integration is the only cure for the crisis in the African American community *Winning the Race* examines the roots of the serious problems facing black Americans today poverty drugs and high incarceration rates and contends that none of the commonly accepted reasons can explain the decline of black communities since the end of segregation in the 1960s Instead McWhorter posits that a sense of victimhood and alienation that came to the fore during the civil rights era has persisted to the present day in black culture even though most blacks today have never experienced the racism of the segregation era McWhorter traces the effects of this disempowering conception of black identity from the validation of living permanently on welfare to gangsta rap's glorification of irresponsibility and violence as a means of protest He discusses particularly specious claims of racism attacks the destructive posturing of black leaders and the hip hop academics and laments that a successful black person must be faced with charges of acting white While acknowledging that racism still exists in America today McWhorter argues that both blacks and whites must move past blaming racism for every challenge blacks face and outlines the steps necessary for improving the future of black America **Tomorrow's Global Community** Jim Mann, 1998 Media marketing expert Jim Mann foresees the end of top heavy centralized bureaucracies in favor of global communities based upon the virtues of the family such as amiable decision making a balance of benefits and responsibilities concern about the welfare of all its members and sharing ideas freely The author predicts that the ever increasing volume and accessibility of information will eventually bring down some of the Western world's most entrenched paradigms in society culture and politics Tomorrow's global community will consist of a wide array of private partnerships eventually replacing the nation state The corporate and business shell will begin to atrophy as a new gift economy replaces it promising a free flow of information and knowledge rather than the adherence to a bottom line mentality centered about intellectual property rights

and profit motives This optimistic view of the future is based upon events now occurring It may take many years for the new global community finally to emerge yet as more and more information creates uncertainty confusion and mistrust in central authority the sooner partnership networks will replace existing institutions **Philosophes Critiques D'eux-mêmes** André Mercier, Maja Svilar, 1984 Dans un monde qui construit des barrières entre l'Occident et l'Orient et qui parle de gradient du Nord au Sud les rédacteurs ont pris l'initiative de rassembler des penseurs contemporains par dessus les frontières et les mers Chaque volume présente une palette variée de leurs vues sur leurs propres travaux philosophiques In a world which sets up barriers between East and West and speaks of a descent from North to South the Editors have taken the initiative to lead contemporary thinkers together across all borders and seas Each volume presents a many coloured palette of the views they hold on their own philosophical work In einer Welt die zwischen Ost und West Schranken errichtet und von einem Gefälle zwischen Nord und Süd spricht haben die Herausgeber dieser Reihe die Initiative ergriffen zeitgenössische Denker über alle Grenzen und Meere hinweg zusammenzuführen Jeder Band enthält eine bunte Palette von Betrachtungen über deren eigenes philosophisches Schaffen **Organized Sunday School Work in America, 1908-1911** ,1911 **Report to the United Nations** Unesco, 1964 Акты Генеральной Конференции Unesco.
