Neoliberalism: National and Regional Experiments with Global Ideas Ravi K. Roy,Arthur T. Denzau,Thomas D. Willett,2006-12-13 Critics of globalization often portray neoliberalism as an extremist laissez faire political economic philosophy that rejects government any sort of government intervention in the domestic economy Like most over used terms it is more complicated than this introductory sentence suggests This volume seeks to move beyond these caricature depictions and definitions as well as the emotional rhetoric that has unfortunately dominated both the scholastic and political debate on neoliberalism and global market oriented reform This book emphasizes that there are in fact a variety of neoliberalisms that share a common emphasis on the role of the market Beyond this however its usages and applications appear much more varied according to the cultural economic political and social context in which it is used A host of eminent contributors including Douglass C North Arthur T Denzau Thomas D Willett Mark Blyth Colin Hay Craig Parsons and others provide a rigorous assessment of the significance of neoliberal ideas on economic policy Through their detailed international case studies the contributors to this book show how varied its impact has in fact been and the result is a book that will stimulate further debate in this most controversial of subject matters Ravi K Roy is a Research Scholar at the Claremont Institute for Economic Policy Studies Arthur T Denzau is Professor of Economics at Claremont Graduate University He is also a Research Associate at the Center for American Business at Washington University St Louis Thomas D Willett is Horton

Professor of Economics at Claremont Graduate University He is also Director of the Claremont Institute for Economic Policy Studies
