web in this paper a new conceptual model for aeolian sediment transport rates is presented traditional sediment transport formulations have known limitations when applied to coastal beach situations

unified view of sediment transport by currents and waves i - Jun 14 2023

web in his early research the author van rij n 1984a b c has fo cused on sediment transport and bed roughness in steady river flow using a diffusion type of approach a set of equations has been proposed to describe the near bed concentration and the ver tical distribution of the sediment concentrations over the depth

sediment transport part i bed load transport journal of - Feb 10 2023

web a simple expression specifying the bed load concentration as a function of the flow and sediment conditions is proposed a verification analysis using about 600 alternative data shows that about 77 of the predicted bed load transport rates are within 0 5 and 2 times the observed values
