s calling me It was a call from an unknown number Even though I had had a busy day I still answered the phone Hello FM Personal Trainer how can I help you Hi I need help Please I could hear the sadness and despair in the voice This was someone who really needed help He says he has to lose weight and needs to see me immediately It s late and I try to schedule for another day but he insists and I can hear from his tone that he can t stand much delay So I agree and start driving to the indicated location He tells me that he ll wait in front of his house and I won t miss him because he s so large I call home again I ll be there later a new client has appeared and I hear the displeasure in my wife s voice When I reach the destination I can see he was right he is large He s also young probably less than 20 There are only two steps in front of the house and he s struggling to climb them holding the door frame tightly to pull himself in Let s call him Joe Joe starts to tell me his story He lists the multitude of diets he has tried and the failed attempts to exercise I understand him I was like this once Finally he tells me resignedly It s genetic there s nothing I can do I think I have to live with it Before I can contradict him his mother comes into the room carrying a stack of beautifully washed and ironed shirts which she puts carefully into a bag saying I have prepared your work clothes for tomorrow Then with a gentle smile she says to me He inherited it from me I have morbid obesity She gives me the list of problems that she has She can t even stand for long and spends most of her time sitting in a wheelchair I am curious about the shirts and ask what work Joe is doing I pack vegetables but because I sweat a lot I have to change every 2 hours otherwise I get cold I really can t afford to get sick and stay at home I have two younger brothers who go to school and there s my mom who is sick So I have to work I use five T shirts a day but it s okay I m used to it I completely forget about the busy day and my fatigue I start pouring out information that will help him lose weight I want to I have to help him I begin to explain one after the other all the mistakes he has made how he lost muscle mass through starvation why he does not lose weight even if he eats very little the role of hormones why diets are not effective the health benefits of losing weight but then I realize this is way too much information all at once All right here s what we ll do Tell me what you like to eat and I ll create a nutritional plan for you From tomorrow you will start to eat as we planned and gradually I will explain to you everything you need to know so that for the rest of your life you ll understand the principles of a fit and healthy body I see the hope in his eyes and a determination to succeed even if he doesn t yet understand much about what he should do He s confident again and I can feel his excitement Suddenly the sadness returns The problem is that from next week we move to another city The company I work for has seasonal vegetable warehouses and the vegetable season here will end this week I really want to do this but it looks like I m going to fail again before I start How many weeks of counselling should I have with you and how much does it cost I know a personal trainer is quite expensive and I don t know if I try to stop him This is not about money He insists and takes cash from his pocket to pay me but I really can t take the money I literally can t I feel like I need some fresh air I say goodbye in a hurry I get in the car and I actually feel overwhelmed by sadness compassion but also admiration for his determination to take on responsibilities for his family and to keep looking for a

solution for his own health problems He's got to make it he's got to do it I promise myself I'll do everything I can to help him and find a way to advise him even if he's far away I get home and the kids are all over me wanting to know why I am late I can't talk about it So that's how it started That night I worked to sort out his nutritional plan and to find a solution for the future From the next day he started eating according to my nutritional plan And I started writing every night chapter after chapter covering absolutely everything that he needed to know to get results He left the city and at the end of every week I sent him a new chapter I was working during the day doing workouts and providing nutritional advice as usual but I couldn't wait to get home so I could write some more After the first month he had lost a good few pounds and his self confidence had grown enormously He started posting pictures of himself His previous profile picture was of a wild horse After almost three months he had dropped multiple clothing sizes and was increasing the intensity of his exercises He sent me a message Guess what I have a girlfriend I knew how much it meant to him and I was so happy He'd lost some weight his clothes fitted him but this is what was really important his self esteem and self confidence were growing and he was making a huge difference to his overall health Meanwhile his willpower and determination to stick to the nutritional plan and the training programme despite being so far from me his personal trainer inspired me to write my first book on nutrition and training I collected all the chapters I had written and linked and improved them even adding demonstration videos with workouts that could easily be done at home I wouldn't have thought of writing a book before but sometimes when you believe you are inspiring and helping someone else you actually get inspired and help yourself I sent Joe the first copy of my book and can only thank him for allowing me to meet him and help him Today I want to share with you everything I wrote over this time I know that if you are like Joe you can learn everything you need from my book and you can apply it wherever you are I'd be so happy to add you to my list of distance clients who have had impressive results Florin Mihai Personal Trainer **Optimal fasten** Dave Asprey, 2021-12-26 Vergessen Sie alles was Sie bisher über das Fasten gehört haben Das ist die Botschaft des berühmten Biohackers und Selbstoptimierers Dave Asprey Der Autor der weltweit erfolgreichen Bulletproof Diet praktiziert das Intervallfasten schon seit Jahren und hat die uralte Praxis mithilfe neuester Wissenschaft zu einer revolutionären und hochwirksamen Anti Aging Strategie weiterentwickelt Im Unterschied zu gängigen Konzepten ist seine Methode perfekt an das Individuum und seinen Alltag angepasst Asprey räumt mit dem Vorurteil auf dass intermittierendes Fasten Hungern und Verzicht bedeutet Sein optimiertes Fastenprogramm ist keine bloße Kalorienrestriktion sondern ein energiegeladener Neustart für Körper und Geist und die effektivste Technik damit Sie gesünder und leistungsfähiger werden als Sie es je waren

Intermittent fasting is one of the best eating plans that you can go on and notice that we say eating plan rather than diet plan. Rather than focusing on diet plans with eating that restrict the foods you want, intermittent fasting is simply going to ask you to limit your eating window. Instead of eating from the moment you get up until the moment you fall asleep, you will focus on eating at certain periods of time during the day or the week. This guidebook is going to delve deeper into intermittent fasting so you know exactly what to expect while you are on this fasting schedule. The good news is there is some freedom and you can pick and choose the type of fast that gives you the best results or that seems to be the easiest for your busy schedule. Some of the topics that we will explore in this guidebook include: Why does intermittent fasting work so much better than other diet plans? What is the best way to break my fast to get the best results? What are the different types of intermittent fasts? Powerful motivation tips that keep you focused and stay on your fast. So what are you waiting for? Scroll up and buy the book now so I can show you how. Added bonuses: When you buy the paperback, you get the Kindle version free.
