abstract character to a realistic yet not human character As more software is released for general use with anthropomorphic interfaces there seems to be no consensus of what the characters should look like and what look is more suited for different applications Some software and research opts for realistic looking characters for example Haptik Inc see <http://www.haptik.com> others opt for cartoon characters Microsoft 1999 others opt for floating heads Dohi Takama Koda 1996 Koda Koda Maes 1996b *Gaming Regulatory Improvement Act of 1999* United States. Castle, 1995 The literature on rural America to the extent that it exists has largely been written by urban based scholars perpetuating out of date notions and stereotypes or by those who see little difference between rural and agricultural concerns As a result the real rural America remains much misunderstood neglected or ignored by scholars and policymakers alike In response Emory Castle offers *The Changing American Countryside* a volume that will forever change how we look at this important subject Castle brings together the writings of eminent scholars from several disciplines and varying backgrounds to take a fresh and comprehensive look at the forgotten hinterlands These authors examine the role of non metropolitan people and places in the economic life of our nation and cover such diverse issues as poverty industry the environment education family social problems ethnicity race religion gender government public policy and regional diversity The authors are especially effective in demonstrating why rural America is so much more than just agriculture It is in fact highly diverse complex and interdependent with urban America and the international market place Most major rural problems they contend simply cannot be effectively addressed in isolation from their urban and international connections To do so is misguided and even hazardous when one fourth of our population and ninety seven per cent of our land area is rural Together these writings not only provide a new and more realistic view of rural life and public policy but also suggest how the field of rural studies can greatly enrich our understanding of national life **Reports of Cases Argued and Determined in the Supreme Court of Alabama** Alabama. Supreme Court, 1877 The Revised Statutes of the State of Illinois, 1893 Illinois, 1893 *Reports of Cases Argued and Determined in the Supreme Judicial Court of New Hampshire* New Hampshire.
