

Playing To Learn

Toni W. Linder

Playing To Learn:

Learning to Play Is Playing to Learn Rosetta Howard, 2006-10 Teaching and learning are not mysteries that can only happen in school Every event is a teachable moment to encourage a child's learning at home according to Howard Christian

Play. Learn. Innovate Henrik Sproedt, 2012 The chosen approach allows HS to move into truly original themes and conclusions In an argument for the importance of social dynamics as key for innovation he elegantly moves beyond the established norms in innovation literature HS skillfully manages to avoid a dogmatic critique of existing literature and instead points to the need for diverse and complementary approaches and the need to combine them through more comprehensive and multi faceted frameworks In the work the author demonstrates a comprehensive insight into theories of play and games and also contributes to knowledge by proposing a linking of different discourses that each in their way deal with social dynamics e g institutional theory social capital theory and the theory of complex responsive processes of relating The Assessment Committee

El-Hi Textbooks and Serials in Print, 1996 R R Bowker Publishing, Bowker, 1996-02

Play, Learning and the Early Childhood Curriculum Elizabeth Wood, Jane Attfield, 2005-05-17 An excellent overview of the development in thinking about play based on research into different aspects of play This book enables the reader to not only access and engage with developing theories and ideas but also provides practical ideas and examples that have been tried and tested in the classroom This book should be compulsory reading for every teacher of young children who are interested in developing their practice to provide a stimulating active and playful environment with their children in which effective learning and positive attitudes are developed Bernadette Hancock Headteacher of Christ the King Primary School Cardiff One of the major strengths of the book is that it makes some complex theory highly accessible to its audience This makes it an excellent introductory book for use on inservice and undergraduate programs Sue Rogers Institute of Education This book aims to improve the quality of play in educational settings It will be valuable for a wide range of practitioners Nursery World In this new and updated edition of an outstanding book Wood and Attfield once again demonstrate how young children make meaning and construct knowledge through play They combine an informed discussion of the ideological tradition of the early childhood pioneers which continues to underpin most contemporary provision with a refreshing openness to the new insights provided by recent research and the new opportunities offered by the Foundation Stage era Their unrivalled explanation of the links between theorists such as Vygotsky and classroom provision for play is now expanded through considerations of recent findings in neuroscience and a renewed awareness of the sociocultural contexts of childhood as well as by studies which acknowledge the importance of boisterous rough and tumble play activities for children's development And throughout they remind readers and practitioners of the important distinction between play as a spontaneous activity of children play as such and the play which educators offer as a medium for learning Elizabeth Brooker Course Leader MA in Childhood Studies Institute of Education This book provides a thorough and up to date overview of the

topical issue of teaching and learning through play Chapters cover issues including assessment through play the role of adults in children s play the impact of play on social and emotional learning and how to develop a whole school approach to learning through play This book is theoretical and detailed but extremely interesting and there is certainly practical information to be found in it Early Talk This timely Second Edition explores recent developments which strongly endorse play as an integral part of the curriculum The content has been fully revised to reflect contemporary thinking about the role and value of play in early childhood and beyond A key focus is the provision of a secure theoretical and practical grounding for developing a pedagogy of play In the first section the authors provide an overview of recent developments in education policies and reviews of research into different aspects of play In the second section the emphasis is on classroom practice specifically organizing and developing play with particular reference to the Foundation Stage and Key Stage 1 establishing progression and continuity with Key Stage 1 assessing children s learning through play the role of adults in children s play using the plan do review approach to integrate child initiated and adult directed play the importance of socio dramatic play for children s social and emotional learning and developing a whole school play ethos This book enables practitioners to create unity between play learning and teaching and to improve the quality of children s learning New material provided by practitioners has been added to show how this unity can be successfully achieved This is an essential text for students of education It is highly recommended to those undertaking degrees in Childhood Studies and those on Initial Teacher Training programmes in early years and primary education
