Plays Of The Southern Americas:

Memory, Allegory, and Testimony in South American Theater Ana Elena Puga, 2008-05-05 In this timely study Puga compares contemporary Southern Cone playwrights and their aesthetic strategies for subverting ideologies of dictatorship in the process she traces the shaping of a resistant identity in memory its direct expression in testimony and its indirect elaboration in two different kinds of allegory Brazil, the United States, and the South American Subsystem Carlos Gustavo Poggio Teixeira, 2012-07-30 The United States has often acted as an empire in Latin America Nevertheless there has been an obvious dissimilarity between U S actions in South America and U S actions in the rest of Latin America which is illustrated by the fact that the United States never sent troops to invade a South American country While geographic distance and strategic considerations may have played a role they provide at best incomplete explanations for the U S s relative absence south of Panama The fact that the United States has had a distinct pattern of interactions with South America is thus not captured by the typical concept of Latin America In Brazil the United States and the South American Subsystem Regional Politics and the Absent Empire Carlos Gustavo Poggio Teixeira recuperates the virtually neglected literature on regional subsystems In so doing Teixeira maintains that researchers of inter American relations would greatly benefit from a characterization reflecting actual regional realities more than entrenched preconceptions Such a characterization involves subdividing the Western Hemisphere in two regional subsystems North and South America This subdivision allows for uncovering regional dynamics that can help explain the U S s limited interference in South American affairs compared to the rest of Latin America This book argues that the role of Brazil as a status quo regional power in South America is the key to understanding this phenomenon Through a historical analysis focusing on specific cases spanning three centuries this research demonstrates that Brazil regardless of particular domestic settings has deliberately affected the calculations of costs and benefits of a more significant US involvement in South America While in the past Brazil has taken actions that resulted in increasing the benefits of the U S s limited involvement in South America in more recent times it has sought to increase the costs of a more significant U S presence Teixeira then considers some of the theoretical and political implications of the framework laid out by this research Brazil the United States and the South American Subsystem is a groundbreaking investigation of U S Latin American relations and the politics of imperialism

The Black Theatre Movement in the United States and in South America Olga Barrios Herrero, 2011-11-28 El creixement dels moviments sociopolítics entre els anys seixanta i noranta als Estats Units i a Sud frica va establir els ferms fonaments sobre els quals amb una força i ímpetu sense precedents es va forjar el teatre negre d'aquests anys Forma i contingut van sorgir a l'una del compromís polític i artístic adoptat per aquests artistes contra l'imperialisme el colonialisme i el racisme occidentals Per primera vegada en la història el teatre negre dels Estats Units i de Sud frica analitzava i valorava les arrels negres per a poder il·luminar la recerca d'un futur de llibertat No obstant això el context sociopolític i les circumstàncies específiques de
