## **Pleasure Seekers:**

**Wicked Women** Dennis J. Stevens PhD, 2011-01-14 In *Wicked Women* Dennis Stevens a criminology professor and prison counselor shares the fascinating life stories of fifteen super predators detailing their early life experiences and criminal activities through the time they interacted with him in prison. Withholding their names and identities he presents disturbing evidence and chronicles the long destructive journeys of these super predators. Dr Stevens spent several years among high risk felons in some of the most heavily researched penitentiaries in America while teaching criminology at various universities. He uses his vast professional experience to create fictional vignettes based on real life situations offering a glimpse into the souls of creatures who carry out wicked acts under the cover of a mask of sanity. While presenting bizarre accounts of incredible human cruelty of every variety including border raids, brutal beatings, cannibalism, rape and gang warfare, Dr Stevens provides a never before seen look into the backgrounds and twisted minds of people like Margo a transgendered drug addict obsessed with setting fires and Mary a former New Orleans police officer convicted of killing her partner. Without censorship or interference from political police *Wicked Women* presents eye opening unforgettable accounts of the outrageous thoughts and gruesome destruction of super predators.

**Fantasy Femmes of Sixties Cinema** Tom Lisanti, 2001 Elvis Presley musicals, beach romps, biker flicks and alienated youth movies were some of the most popular types of drive in films during the sixties. The actresses interviewed for this book including Celeste Yarnall, Lana Wood, Linda Harrison, Pamela Tiffin, Deanna Lund, Diane McBain, Judy Pace and Chris Noel all made their mark in these genres. These fantastic femmes could be found either twisting on the shores of Malibu, careening down the highway on a chopper being serenaded by Elvis, or taking on the establishment as hip coeds. As cult figures they contributed greatly to that period of filmmaking aimed at the teenage audience who frequented the drive ins of America. They frolicked, screamed and danced their way into B movie history in such diverse films as *Eve*, *Teenage Millionaire*, *The Girls on the Beach*, *Dr Goldfoot and the Bikini Machine*, *Three in the Attic*, *Wild in the Streets* and *Paradise Hawaiian Style*. This book is a celebration of the actresses' careers. They have for the most part been overlooked in other publications documenting the history of film. *Fantasy Femmes* addresses their film and television careers, focusing on their view of the above genres, their candid comments and anecdotes about their films, the people they worked with and their feelings in general regarding their lives and the choices they made. The book is well illuminated and contains a complete list of film and television credits.

**Works** Thomas Hill Green, 1890  
*Design and the Social Sciences* Jorge Frascara, 2002-04-25 The social sciences have a distinctive contribution to make to the understanding and handling of design issues both in product and systems design and in the design of the built environment. The role of cognitive psychology, particularly ergonomics, to the design process has traditionally been well appreciated. Because it provides important insight.  
*Vanity Fair* T.G. Bowles, O.A. Fry, 1877 A periodical in part famous for the cartoon portraits of politicians and public figures. These were mainly by Spy i.e. Sir Leslie Ward and Ape i.e. Carlo
