Pleasure The Truth About Female Sexuality:

Pleasure Margaret Leroy, 1993 The Art of Female Pleasure Gabrielle Cerise, 2007-04-01

Want to Really Satisfy a Woman Then read on Based on empirical evidence women in same sex encounters report more pleasure and satisfaction According to the groundbreaking Shere Hite report on Female Sexuality described as one of the 100 key books of our time by the Times 52% of women in the UK ALWAYS orgasm when with a woman In Australia and New Zealand that's even higher 60 % and 61% respectively Furthermore when asked are you curious or would you like to try a sexual relationship with a woman 71% of UK women said yes And in Australia and New Zealand it's 78% and 80% Furthermore ancient texts advocate the immense sexual potential of women in fact in 15AD a spiritual leader in the East declared that when God was giving out sexual desire one tenth went to men and a whopping nine tenths went to women Through it all one truth has remained women inherently know how to please and satisfy women in a way that until now has received little recognition The Kama Sutra Ananga Ranga The Perfumed Garden and The Tao have all touched upon these areas but none have fully explored the process and learning to be gained by women who love women Intense desire coupled with a not so fulfilling bedroom life means a tide of sexual frustration sweeping many women However the situation is not as bleak as it seems In discussions with numerous bisexual and lesbian women a number of factors have been isolated which may hold the key to bringing pleasure and satisfaction to many women Develop a great appreciation of your partner's body Large small simply show your appreciation in words or touch make her feel truly admired Facilitate relaxation In other words take the time to relax the lady in your life talk give her a massage rub her hands play some music Remember relaxation precedes arousal therefore the more relaxed the lady the greater will be her arousal and response to your touch Increase your foreplay repertoire For many couples there seem to be degree of focus on two strategic points By expanding your vision to include often neglected areas such as the neck back forehead eyes hips hands you will be able to provide greater stimulation to her body and increase arousal Just make sure you keep this up for at least 20 30 minutes to create the desired effect Holistic seduction Vary the stimulation when seducing your love object Find out her likes and dislikes interests hobbies and talk about them Make her really feel listened to Now use your body language words questions and atmosphere to create the seduction Your body language should be open and relaxed your words gentle and pleasing to the mind the tone of your voice deep gentle and steady slowly steer your line of questioning to sensual topics i.e. her favorite food types of massage she likes the forms of art she admires This will stimulate her inherent sensuality Holistic lovemaking involve her mind body and soul The central idea here is to fundamentally create a sense of connection By creating this feeling you will be involving her mind body and soul in the process and thereby increase her response to you and her pleasure Tantric exercise such as simply looking into each other's eyes creates an intense bond and fires neurons in the brain responsible for making us feel grounded protected and valued Lie face to face or sit face to face and simply gaze into each other's eyes A variation of this is to sit lie or stand face to

face with eyes closed and foreheads touching and simply feel the connection Once you are familiar with these exercises try coordinating your breathing to create an even greater feeling of connection Discover her body find out her preferences Is she a G Spot or clitoral woman Taylor you positions to give her her favorite stimulation As a general rule positions which stimulate the clitoris are usually face to face and those tha

Jurisprudence Wayne Morrison, 2016-04-08 This challenging book on jurisprudence begins by posing questions in the post modern context and then seeks to bridge the gap between our traditions and contemporary situation It offers a narrative encompassing the birth of western philosophy in the Greeks and moves through medieval Christendom Hobbes the defence of the common law with David Hume the beginnings of utilitarianism in Adam Smith Bentham and John Stuart Mill the hope for enlightenment with Kant Rousseau Hegel and Marx onto the more pessimistic warnings of Weber and Nietzsche It defends the work of Austin against the reductionism of HLA Hart analyses the period of high modernity in the writings of Kelsen Hart and Fuller and compares the different approaches to justice of Rawls and Nozick The liberal defence of legality in Ronald Dworkin is contrasted with the more disillusioned accounts of the critical legal studies movement and the personalised accounts of prominent feminist writers
