Pleasure Of The Crown Anthropology Law And First Nations:

The Pleasure Of The Crown Anthropology, Law And First Nations ,2014 A comprehensive look at how Canadian particularly British Columbian society reveals itself through its courtroom performances in Aboriginal title litigation Focusing in particular on the Gitksan and Wet suwet en case the book traces the trial of Delgamuukw v Regina from 1987 and 1991 to its successful appeal to the Supreme Court of Canada which issued a landmark ruling in 1997 **First Nations Cuisines -**

Wandel und Professionalisierung indigener Ernährungskulturen in British Columbia, Kanada Sebastian Schellhaas,2020-09-03 Seit dem ersten Kontakt mit Europa haben sich die indigenen Ernährungskulturen an der kanadischen Nordwestküste stark gewandelt. Wichtig ist vom Verlust indigener Kochtraditionen die Rede. Sebastian Schellhaas' Studie zeichnet ein differenzierteres Bild. Anhand historischer Quellen und ethnographischer Forschungsepisoden gibt er einen beispiellosen Einblick in die facettenreiche Kulturgeschichte indigener Ernährungskulturen in British Columbia von der Zeit des Erstkontakts im 18. Jahrhundert bis in die Gegenwart. Ein besonderer Fokus auf das noch junge Phänomen indigener Gastronomie ebnet dabei den Weg in ein noch unerschlossenes Forschungsgebiet der Geschichte Kanadas. **The**

Blackwell Companion to Law and Society Austin Sarat,2008-04-15 The Blackwell Companion to Law and Society is an authoritative study of the relationship between law and social interaction. Thirty-two original essays by an international group of expert scholars examine a wide range of critical questions. Authors represent various theoretical, methodological, and political commitments, creating the first truly global overview of the field. Examines the relationship between law and social interactions in thirty-three original essays by international experts in the field. Reflects the world-wide significance of North American law and society scholarship. Addresses classical areas and new themes in law and society research, including the gap between law on the books and law in action, the complexity of institutional processes, the significance of new media, and the intersections of law and identity. Engages the exciting work now being done in England, Europe, Australia, and New Zealand, South Africa, Israel, as well as Third World scholarship. **Temagami's Tangled Wild** Jocelyn Thorpe,2012-02-03

Canadian wilderness seems a self-evident entity, yet as this volume shows, in vivid historical detail, wilderness is not what it seems. In *Temagami's Tangled Wild*, Jocelyn Thorpe traces how struggles over meaning, racialized and gendered identities, and land have made the Temagami area in Ontario into a site emblematic of wild Canadian nature. Even though the Temagami Anishnabai have long understood the region as their homeland rather than as a wilderness, eloquent and accessible, this engaging history challenges readers to acknowledge the embeddedness of colonial relations in our notions of wilderness and to reconsider our understanding of the wilderness ideal. *Aboriginal Title* P. G. McHugh,2011-08-18 Aboriginal title represents one of the most remarkable and controversial legal developments in the common law world of the late twentieth century. Overnight, it changed the legal position of indigenous peoples. The common law doctrine gave sudden substance to the tribes' claims to justiciable property rights over their traditional lands, catapulting these up the national agenda and

jolting them out of a previous culture of governmental inattention In a series of breakthrough cases national courts adopted the argument developed first in western Canada and then New Zealand and Australia by a handful of influential scholars By the beginning of the millennium the doctrine had spread to Malaysia Belize southern Africa and had a profound impact upon the rapid development of international law of indigenous peoples rights This book is a history of this doctrine and the explosion of intellectual activity arising from this inrush of legalism into the tribes relations with the Anglo settler state The author is one of the key scholars involved from the doctrine s appearance in the early 1980s as an exhortation to the courts and a figure who has both witnessed and contributed to its acceptance and subsequent pattern of development He looks critically at the early conceptualisation of the doctrine its doctrinal elaboration in Canada and Australia the busiest jurisdictions through a proprietary paradigm located primarily and constrictively inside adjudicative processes He also considers the issues of inter disciplinary thought and practice arising from national legal systems recognition of aboriginal land rights including the emergent and associated themes of self determination that surfaced more overtly during the 1990s and after The doctrine made modern legal history and it is still making it *America Before the European Invasions* Alice Beck Kehoe,2014-06-11 Beginning with the immigrants from Asia through inventions of agriculture cities and kingdoms American First Nations are integral to the history of the United States They explored the continent pioneered its waterways and mountain passes cleared forests irrigated deserts and ranched its great plains Invading Europeans justifies their conquests by denying the evidence of American Indian civilisations Using her familiarity with the archaeological remains and remnants Alice Kehoe builds a fascinating prehistory highlighting the research puzzles along the way This book presents an enthralling look at the depth and diversity of American history before the Europeans and the deadly epidemics they brought with them decimated whole nations **Unsettling the Settler Within** Paulette Regan,2010-12-22 In 2008 the Canadian government apologized to the victims of the notorious Indian residential school system and established a Truth and Reconciliation Commission whose goal was to mend the deep rifts between Aboriginal peoples and the settler society that engineered the system Unsettling the Settler Within argues that in order to truly participate in the transformative possibilities of reconciliation non Aboriginal Canadians must undergo their own process of decolonization They must relinquish the persistent myth of themselves as peacemakers and acknowledge the destructive legacy of a society that has stubbornly ignored and devalued Indigenous experience Today s truth and reconciliation processes must make space for an Indigenous historical counter narrative in order to avoid perpetuating a colonial relationship between Aboriginal and settler peoples A compassionate call to action this powerful book offers all Canadians both Indigenous and not a new way of approaching the critical task of healing the wounds left by the residential school system **Law and politics in Africa, Asia and Latin America** ,1999 **Manifest Destinies and Indigenous Peoples** David Maybury-Lewis,Theodore Macdonald,Biorn Maybury-Lewis,David Rockefeller Center for Latin American Studies,2009 Papers presented at an
