Gnosticism, Platonism and the Late Ancient World Kevin Corrigan, Tuomas Rasimus, 2013-07-25 This Festschrift honors the life and work of John D Turner Charles J Mach University Professor of Classics and History at the University of Nebraska at Lincoln on the occasion of his 75th birthday Professor Turner s work has been of profound importance for the study of the interaction between Greek philosophy and Gnosticism in late antiquity This volume contains essays by international scholars on a broad range of topics that deal with Sethian Valentinian and other early Christian thought as well as with Platonism and Neoplatonism and offer a variety of perspectives spanning intellectual history Greek and Coptic philology and the study of religions Plotinus the Master and the Apotheosis of Imperial Platonism William H. F. Altman, 2024-01-29 Unlike other recent studies Plotinus the Master and the Apotheosis of Imperial Platonism is critical of Plotinus and in particular of his version of Platonism here described as Imperial It is in contrast with Plato a teacher whose dialogues challenge his students to think for themselves that William H F Altman presents Plotinus as a master who uses a seductive form of rhetoric throughout the Enneads to persuade his disciples to ignore his self contradictions and decontextualized quotations from Plato

while instead regarding his spiritual experiences combined with a gift for the creative synthesis of previous thinkers as the principal basis of their faithful and uncritical allegiance While setting Plotinus in the context of the Roman Empire and his own critique of the Gnostics this book grapples throughout with his current and virtually uncritical reception
