

THE HOME MECHANIC'S LIBRARY

HOME is the complete practical library of household "how-to" books, with every fact you need to know in order to do your own home repairs in and about the home. These are the books designed to take your plumbing into professional skill, with the aid of simple step-by-step directions, fully illustrated, that point the way to success in performing a thousand varied and new tasks at the home. Whatever your needs, whether you wish to refinish an automobile, planer or stool, install a heating system, or choose your color schemes that harmonize—these is the library that will see you through expertly with the minimum of time, trouble, money and patience.

These six books: Painting and Decorating, Woodworking, Metal Working, Plumbing, Masonry and Electrical Work will enable the average person to make his own household repairs and improvements from the cellar to the chimney—from the garage to the garden.
