Pocket Canons Song Of Solomon:

The Pocket Canons Grove Press, 1999-04 *New Book Design* Roger Fawcett-Tang, 2004-05-25 *New Book Design* showcases the most interesting influential and accomplished book designs from the last ten years. It features over 100 titles published around the world, each chosen for their outstanding design qualities from the publications of large mainstream publishers to those of small independent companies and even those from individual artists. Included in its pages are lavishly produced books with unconventional formats and unusual print techniques as well as less flamboyant publications produced for various different markets. A wide variety of books are featured from paperback novels to architectural monographs from text-based to profusely illustrated books. Divided into four main sections: Packaging, Navigation, Layout, and Specification, the book examines each facet of book design: cover design, contents and structure, image usage, grids, typography, paper, printing, and binding. Clear photography captures each featured book, and interviews with prominent book designers, art directors, and publishers provide extra insight. *New Book Design* is sure to provide a rich source of inspiration to book designers and bibliophiles alike.

Basics Design 01: Format Gavin Ambrose, Paul Harris, 2005. Format represents the physical point of contact with the user, affecting how we receive a design's printed or online information. The book demonstrates how a creative approach to format selection and a careful consideration of presentation space can produce dramatic results within both print and digital media. It examines established format standards and, with the aid of fully illustrated examples, suggests how thoughtful application of pre-existing models can add an extra dimension to design. *Basics Design Format* provides a detailed guide to successful implementation of format for students and professionals alike.

Elenchus of Biblica 1998 Robert Althann, 2002-12-31 **British Literature and Spirituality** Franz Karl Wöhrer, John S. Bak, 2013. This book reflects the current state of research in the field of the spiritual in British literature, where spirituality is understood as a culturally determined universal phenomenon or a factuality of humanity consisting of the living apprehension of the Sacred during rare, gratuitous moments of illumination. With critical essays by scholars working in various disciplines: English studies, music, the arts, psychology, theology, etc., the book explores a corpus of encoded narratives of, as well as reflections on, the Sacred in British literature from the Late Middle Ages to the present. Multi-disciplinary in nature and interdisciplinary in method, *British Literature and Spirituality* illustrates the hermeneutic potential of readings that transcend the disciplinary boundaries of spiritual writings.

Series: Austria: Forschung und Wissenschaft, Literatur und Sprachwissenschaft, Austria Research and Science, Literature and Linguistics, Vol. 24. *Buchdesign heute* Roger Fawcett-Tang, Caroline Roberts, 2004.
