The Complete Play Writes of Leo Tolstoy Leo Tolstoy, 2017-08-26 The Power of Darkness Tolstoy's first and greatest play was not written until he was fifty eight years of age and it was not allowed to be performed in Russia till some years later Both there and elsewhere abroad it was highly successful on the stage as was also the comedy Fruits of Culture which he wrote three years later to be performed by his own family and their friends The only other play published during his lifetime The First Distiller is a very slight piece of no particular dramatic importance It was written in the cause of temperance Besides these he left three other plays finished or nearly finished when he died The Live Corpse which in English has also been called The Man who was Dead is the one best adapted for the stage The Cause of it All is like The First Distiller a short and unimportant piece dealing with the effects of drink The most interesting not dramatically but psychologically of the three is The Light Shines in Darkness which was left in an unfinished state In it Tolstoy presents his own case and deals with the contradiction that existed and has so often been commented on between practice and theory in his own life and teaching
