Pleasure Of The Text Violette Leduc And Reader Seduction:

The Pleasures of the Text Elizabeth Locey, 2002-01-15 Why was Violette Leduc's 1954 novel *Thérèse et Isabelle* not published in its entirety until November 2000 Under threat of scandal and obscenity charges French publisher Gallimard withheld the novel but Leduc continued to write of her life as a woman writer in wartime Paris frankly depicting her own and imagined lesbian experiences Mentored by Simone de Beauvoir and a contemporary of French twentieth century luminaries Sartre Camus Genet and Cocteau Leduc is however known best as France's great unknown writer In *The Pleasures of the Text* Elizabeth Locey restores Leduc to her rightful place in the canon bringing to light her singular and important contributions to contemporary literary theory Locey reads Leduc's works from the perspective of reader seduction which erodes the divide between body and text Situating Leduc within a continuum with Emma Bovary and Roland Barthes at its extremes Locey investigates Leduc's use of the erotic touch look and voice to seduce her readers More than an accessible introduction to an overlooked writer *The Pleasures of the Text* confronts and challenges the philosophical debate between pornography and erotica and pins down some of the often slippery ways pleasure is mapped onto the body of the reader

Sex Sounds Danielle Shlomit Sofer, 2022-07-05 An investigation of sexual themes in electronic music since the 1950s with detailed case studies of electrosexual music by a wide range of creators In *Sex Sounds* Danielle Shlomit Sofer investigates the repeated focus on sexual themes in electronic music since the 1950s Debunking electronic music's origin myth that it emerged in France and Germany invented by Pierre Schaeffer and Karlheinz Stockhausen respectively Sofer defines electronic music more inclusively to mean any music with an electronic component drawing connections between academic institutions radio studios experimental music practice hip hop production and histories of independent and commercial popular music Through a broad array of detailed case studies examining music that ranges from Schaeffer's *musique concrète* to a video workshop by Annie Sprinkle Sofer offers a groundbreaking look at the social and cultural impact sex has had on audible creative practices Sofer argues that electrosexual music has two central characteristics the feminized voice and the climax mechanism Sofer traces the historical fascination with electrified sex sounds showing that works representing women's presumed sexual experience operate according to masculinist heterosexual tropes and presenting examples that typify the electroacoustic sexual canon Noting electronic music history's exclusion of works created by women people of color women of color and in particular Black artists Sofer then analyzes musical examples that depart from and disrupt the electroacoustic norms showing how even those that resist the norms sometimes reinforce them These examples are drawn from categories of music that developed in parallel with conventional electroacoustic music separated segregated from it Sofer demonstrates that electrosexual music is far more representative than the typically presented electroacoustic canon

Seducing the Reader Elizabeth Locey, 1997 **Forthcoming Books** Rose Arny, 2001 *Autobiography* James Goodwin, 1993 Goodwin English UCLA establishes the importance of autobiography to both literature and social history

discussing such diverse topics as the American success paradigm the relationship between literacy and liberation in African American society the use of the third person in autobiography and the importance of the genre in the emergence of cultures and social groups traditionally confined to minority status Includes close studies of several French and American works and a bibliographic essay Annotation copyright by Book News Inc Portland OR **Thérèse and Isabelle** Violette Leduc, 2012 I'm trying to express as exactly as minutely as possible the sensations of physical love There's something here that a woman can understand I hope this won't appear more scandalous than the thoughts of Molly Bloom at the end of Joyce's *Ulysses* Every sincere psychological analysis deserves to be heard I think Violette Leduc Charged with metaphors alternating with precise descriptions of sensations and human relationships Therese and Isabelle was censored by its publisher in France in 1954 first published in a truncated version in 1966 and not until 2000 in its uncensored edition as Violette Leduc intended For the first time in a new English translation here is the unabridged text of Therese and Isabelle
