Plotinus On The Descent Of The Soul:

Plotinus, 1990-01-01 **PLOTINUS Ennead IV.8** Barrie Fleet, 2012-06-06 Plotinus was much exercised by Plato's doctrines of the soul. In this treatise at chapter 1 line 27 he talks of the divine Plato who has said in many places in his works many noble things about the soul and its arrival here so that we can hope for some clarity from him. So what does the philosopher say? It is clear that he does not always speak with sufficient consistency for us to make out his intentions with any ease. The issue in this treatise is one that has puzzled students of Plato from ancient to modern times and is indeed a popular topic for undergraduate essays even today. Why should the philosopher who has ascended through a long and painful process of dialectic to assimilation to the divine ever descend back into the body? Plotinus himself is said by Porphyry to have attained such a state of otherworldly transcendence on at least four occasions during his lifetime so this was a very real and personal issue for him. In this treatise we see him grappling with it.

Order from Disorder John Phillips, 2007 This book examines Proclus' doctrine of evil in light of the tradition of exegesis of Plato's treatment of evil within the schools of ancient Platonism from Middle Platonism to early Neoplatonism.

A Story of the Soul's Journey in the Nag Hammadi Library Ulla Tervahauta, 2015-08-19 Authentikos Logos NHC VI 3 also known as Authoritative Teaching is a little studied story of a soul's descent and ascent in the Nag Hammadi library. With her book Ulla Tervahauta fills a gap in the scholarship and provides the first monograph length study that has this writing as its primary focus. The aim is to find a place and context for Authentikos Logos within early Christianity but Tervahauta also adds new insight into the scholarship of the Nag Hammadi Library and study of early Christianity. Contrary to the usual discussion of the Nag Hammadi writings from the viewpoint of Gnostic studies she argues that Authentikos Logos is best approached from the context of Christian traditions of late ancient Egypt between the third and the fifth centuries. Tervahauta discusses the story of the soul's journey in light of various Christian and Platonic writings. Also she analyses the relationship of Authentikos Logos with the Valentinian Wisdom myth and suggests that no firm evidence connects the writing closely with Valentinian traditions. And although a Platonic mind set can be assumed the writing combines motifs in a unique manner. For example the four epithets used in the writing the invisible soul the pneumatic soul the material soul and the rational soul are not found thus combined elsewhere. Discussion of matter/hyle is connected with Christian scriptural allusions and the focus is on ethics and the evilness of matter. The body on the other hand is the soul's place of contest and progress. The Pauline term pneumatic body 1 Cor 15:44 is used allusively and from a Platonic perspective. With this book Ulla Tervahauta makes an important contribution to the study of early Christianity in late ancient Egypt by discussing a writing that shows knowledge and creative combination of literary traditions that circulated in late ancient Egypt.

Dillon, 2015-03-18 For Plotinus the nature and status of the human soul is one of the central problems of philosophy Ennead IV 3 4 29 constitutes his most penetrating enquiry into this topic addressing the issues of the relation of the individual soul to the World Soul the descent of the soul into body its relations with that body problems of personal identity and the nature of memory sense perception and the true seat of the emotions many of which still have a resonance today The treatise is an excellent example of Plotinus distinctive method of enquiry not dogmatic though he is no sceptic but worrying away at questions until he has uncovered their complexities to the best of his ability Such a work requires detailed commentary such as is provided here to tease out fully the fascinating convolutions of his thought Iamblichus and the Theory of the Vehicle of the Soul John F.
