Plowboy Poet:

The Kentucky Anthology Wade Hall, 2005-11-11 For over two hundred years Kentucky has inspired many of the nation's finest writers both natives of the Bluegrass State and outsiders who were entranced by its rich natural wonders and culture. This book assembles a collection of writings embodying the hopes, concerns, and aspirations that have made the state unique and yet typically American. The Paths of Poetry Louis Untermeyer, 2000-06 Louis Untermeyer, the American poet perhaps most familiar with the lives and works of the great writers in the English language, tells of the touching, humorous, and dramatic incidents which have made up the lives and contributed to the poetic genius of each of twenty-five poets from Chaucer to Frost. These are the unacknowledged legislators, music makers, movers, and shakers, poets who have influenced our ideas, affected our emotions, and enriched our language. The chapters not only tell the stories of their lives but also relate their lives to their poems and reveal how and why they wrote the way they did. This work aims to show what the poets meant to the development of literature and most of all, what they mean to us. Repression and Recovery Cary Nelson, 1989 A poststructuralist literary history, Nelson's premise is that the history of modernist culture is one we no longer know; we have forgotten it, and he aims to recover the political questions many forgotten modern poets looked straight in the eye. **Harper's New Monthly Magazine**, 1872 Worker-writer in America Douglas Wixson, 1994 Conroy, a coal miner's son who apprenticed at age thirteen in a railroad shop, later migrated to factory cities and experienced the privation and labor struggles of the 1930s. As worker and writer, he composed *The Disinherited*, one of the most important working-class novels of the thirties. As editor of a radical literary journal *The Anvil*, he nurtured the early careers of Richard Wright, Nelson Algren, and Meridel Le Sueur, before his own literary work was eclipsed in the cold-war years. Douglas Wixson draws upon a wealth of letters and manuscripts made available to him as Conroy's literary executor, as well as numerous interviews with Conroy and his former contributors and colleagues. Wixson explores the origins and development of worker writing and the numerous little magazines it generated. He examines the differences between the midwestern and East Coast literary worlds and the milieu in which Conroy and others like him worked: the Depression, job layoffs, factory closings, homelessness, and migration.
