Plutarch And History Eighteen Studies:

Plutarch and History C. B. R. Pelling, 2002 Much of ancient history can only be written thanks to evidence supplied by Plutarch The historical methods and qualities of this vital source were for long subjected to little systematic analysis However over the last two decades an authoritative and profoundly influential set of studies has appeared in the field the work of Christopher Pelling Dispersed until now in a wide range of international journals and symposia these fifteen studies are here published in a single volume revised by the author with up to date annotations and bibliography Together with three new studies they form an essential reference work for serious students of classical Greece and Rome **Plutarch and History** Christopher Pelling, 2011 Much of ancient history can only be written thanks to evidence supplied by Plutarch His historical methods and qualities were for long subjected to little systematic analysis However in recent decades an authoritative and profoundly influential set of studies has appeared in the field the work of Christopher Pelling This book contains eighteen of Pelling's most important papers revised by the author Together they form an essential work of reference for serious students of Greece and Rome Plutarch's >Parallel Lives Chrysanthos S. Chrysanthou, 2018-02-19 In the Parallel Lives Plutarch does not absolve his readers of the need for moral reflection by offering any sort of hard and fast rules for their moral judgement Rather he uses strategies to elicit readers active engagement with the act of judging This book drawing on the insights of recent narrative theories especially narratology and reader response criticism examines Plutarch's narrative techniques in the Parallel Lives of drawing his readers into the process of moral evaluation and exposing them to the complexities entailed in it Subjects discussed include Plutarch's prefatory projection of himself and his readers and the interaction between the two Plutarch's presentation of the mental and emotional workings of historical agents which serves to re enact the participants experience at the time and thus arouse empathy in the readers Plutarch's closural strategies and their profound effects on the readers moral inquiry Plutarch's principles of historical criticism in On the malice of Herodotus in relation to his narrative strategies in the Lives Through illustrating Plutarch's narrative technique this book elucidates Plutarch's praise and blame rhetoric in the Lives as well as his sensibility to the challenges inherent in recounting reading about and evaluating the lives of the great men of history **Plutarch and History** Christopher Pelling, 2000 **The Oxford Handbook of the Second Sophistic** Daniel S. Richter, William A. Johnson, 2017-10-24 Focusing on the period known as the Second Sophistic an era roughly co extensive with the second century AD this Handbook serves the need for a broad and accessible overview The study of the Second Sophistic is a relative new comer to the Anglophone field of classics and much of what characterizes it temporally and culturally remains a matter of legitimate contestation The present handbook offers a diversity of scholarly voices that attempt to define as much as is possible in a single volume the state of this rapidly developing field Included are chapters that offer practical guidance on the wide range of valuable textual materials that survive many of which are useful or even core to inquiries of particularly current interest e g gender studies cultural history

of the body sociology of literary culture history of education and intellectualism history of religion political theory history of medicine cultural linguistics intersection of the Classical traditions and early Christianity The Handbook also contains essays devoted to the work of the most significant intellectuals of the period such as Plutarch Dio Chrysostom Lucian Apuleius the novelists the Philostrati and Aelius Aristides In addition to content and bibliographical guidance however this volume is designed to help to situate the textual remains within the period and its society to describe and circumscribe not simply the literary matter but the literary culture and societal context For that reason the Handbook devotes considerable space at the front to various contextual essays and throughout tries to keep the contextual demands in mind In its scope and in its pluralism of voices this Handbook thus represents a new approach to the Second Sophistic one that attempts to integrate Greek literature of the Roman period into the wider world of early imperial Greek Latin Jewish and Christian cultural production and one that keeps a sharp focus on situating these texts within their socio cultural context *The Unity of Plutarch's Work* Anastasios Nikolaidis, 2008-12-10 This volume of collected essays explores the premise that Plutarch's work notwithstanding its amazing thematic multifariousness constantly pivots on certain ideological pillars which secure its unity and coherence So unlike other similar books which more or less concentrate on either the Lives or the Moralia or on some particular aspects of Plutarch's oeuvre the articles of the present volume observe Plutarch at work in both Lives and Moralia thus bringing forward and illustrating the inner unity of his varied literary production The subject matter of the volume is uncommonly wide ranging and the studies collected here inquire into many important issues of Plutarchean scholarship the conditions under which Plutarch's writings were separated into two distinct corpora his methods of work and the various authorial techniques employed the interplay between Lives and Moralia Plutarch and politics Plutarch and philosophy literary aspects of Plutarch's oeuvre Plutarch on women Plutarch in his epistemological and socio historical context In sum this book brings Plutarchean scholarship to date by revisiting and discussing older and recent problematization concerning Plutarch in an attempt to further illuminate his personality and work **Homeric Models in Plutarch's Lives** Michael Nerdahl, 2007

Themes, Character, and Politics in Plutarch's Life of Lucullus Manuel Tröster, 2008 The modern image of the Roman aristocrat L Licinius Lucullus cos 74 B C is to a large extent the creation of the Greek biographer Plutarch whose narrative is structured around a number of themes and leitmotifs the protagonist's association with Hellenic culture his luxurious lifestyle and various issues related to his role as a political and military leader In all of these fields the depiction of Lucullus is conditioned not only by Plutarch's interests and emphases but also by the nature of the sources at his disposal Owing to Plutarch's biographical technique and due to the bias of the contrasting traditions underlying his account the protagonist's actions are frequently decontextualised from their contemporary setting Lucullus emerges from this book as an ambitious noble operating within the highly competitive system of Republican politics and seeking to accumulate and to display power and prestige **Humanistische Gymnasium**, 2008 *Gottesbild und Wahrnehmung* Peter Eich, 2011 Die Fähigkeit die

innere Vorstellungswelt in Bilddarstellungen umzusetzen gehört zu den ursprünglichen menschlichen Eigenschaften Die aus der Vorstellung in die kommunikative Sphäre übersetzten Bilder reproduzieren nicht nur aussere Formen sondern verankern auch Erinnerungen oder transportieren Angste Hoffnungen oder andere Emotionen Dies gilt besonders auf dem Gebiet der Religion Doch welches Gottesbild hatte die Mehrheit der Griechen der Antike und was waren Gotterbilder für sie Das Buch von Peter Eich konzentriert sich auf die in Hellas vorherrschenden Vorstellungen die die religiöse Bildproduktion bedingten und die gemeinschaftsstiftende Funktion sakraler Bilder im Wandel der Zeit Dazu werden die Aussagen der Zeitgenossen in ihrem Idiom und in ihren Sinnzusammenhängen umfassend untersucht und mit Hilfe eines verbreiteten Methodenkanons neu gedeutet **The Myths of Rome** Timothy Peter Wiseman, 2004 Winner of American Philological Association C J

Goodwin Award of Merit 2005 Shortlisted for British Academy Book Prize 2005 Widely reviewed and celebrated in hardback on publication in 2004 The Myths of Rome is now available in a paperback edition This major re evaluation of Roman history and its afterlife in western culture through the mediums of myth and art is fast becoming the standard popular account of the Roman story world It triumphantly redresses the popular perception of classical myth as a predominantly Greek invention and builds a cohesive narrative from the mass of mythical and historical tales that cluster around the nexus of Rome It is set to become a sourcebook for students of Roman myth and history in this country and around the world at undergraduate and graduate level **Ancient Society**, 2012 **Karriere und Hierarchie** Hans Beck, 2005 Review quote A quote from a

Thucydides' War Neil Morpeth, 2006 *Die Demagogen und das Volk* Christian Mann, 2007-08-13 In der athenischen Demokratie des 5 Jahrhunderts besaß jeder Bürger das Recht in Volksversammlungen zu reden in der Praxis aber ergriff nur eine kleine Minderheit das Wort Diese Männer wurden Demagogen genannt Sie erfüllten als politische Experten eine wichtige Funktion bei der demokratischen Entscheidungsfindung indem sie das Volk in den Versammlungen mit Informationen versorgten politische Konzepte vorstellten und alternative Handlungsoptionen aufzeigten Nach herkömmlicher Forschungsmeinung entstammten die Demagogen lange Zeit der alten Aristokratie politische Macht habe auch in der Demokratie zunächst noch auf vornehmer Abkunft Reichtum berlegener Bildung und adligen Freundeskreisen beruht Erst nach dem Tod des Perikles 429 v Chr hätten Aufsteiger mit populistischen Methoden Einfluss auf das Volk gewinnen können

In Auseinandersetzung mit dieser Position plädiert der Autor dafür dass die Auftretensweise der Demagogen auch schon vor dieser angeblichen Zursich durch eine Inszenierung von Loyalität gegenüber der Polis und dem Volk geprägt war Zwar besaßen alle Demagogen überdurchschnittliche ökonomische Ressourcen doch in der politischen Kommunikation betonten sie gerade nicht ihre soziale Überlegenheit sondern verringerten symbolisch den Abstand zum einfachen Bürger etwa durch demonstrativen Verzicht auf eine luxuriöse Lebensführung und auf aristokratische Beziehungsnetze Die politische Ordnung der athenischen Demokratie war eben gerade nicht in die traditionelle Sozialordnung eingebettet sondern weitgehend von dieser losgelöst Eine Veränderung trat erst im vorletzten Jahrzehnt des 5. Jahrhunderts ein als ein Anspruch auf politischen Einfluss zunehmend mit traditionellen aristokratischen Ressourcen begründet wurde dieser Prozess führte schließlich zum Umsturz von 411

Solon of Athens Josine Blok, A. P. M. H. Lardinois, 2006 Now available in paperback for the first time this collection of essays by specialists in the field offers fundamentally new perspectives on the poetry laws and historical facts associated with the figure of Solon of Athens

The Limits of Ancient Biography B. C. McGing, Judith Mossman, 2006 The genre of biography in the ancient world is interestingly diverse and permeable and deserves intensive study bearing as it does on ideas of characterization and the individual This volume considers both the form and the content of biography across the ancient world and is particularly interested in the frontiers with other related genres such as history The papers range from the Old Testament to the Arab world from the New Testament to the Lives of Saints from the classic Greek and Roman biographers to less well known practitioners of the art

The Greek and Roman Historians Tim Duff, 2003-06-27 This volume traces the development of conceptions of history and its practice from Homer to the writers of the Roman Empire It serves as an introduction to the great historians of the ancient world and contains sections on Herodotus Thucydides Xenophon Polybios Sallust Livy Velleius Tacitus Suetonius Plutarch Arrian and Dio as well as on some other historians whose work now survives only in fragments Brief analyses of the events which form the background to each historian's work set the writers in their historical context Each section is self contained and may be read on its own but specific attention is paid to links between the different historians and the ways in which they were influenced by or competed with one another
