Sesame Street Count To Ten:

Count to Ten Emily Thompson, Jim Henson, Children's Television Workshop, 1986 Familiar Sesame Street characters introduce the numbers one to ten **The Sesame Street Treasury Volume 10** Linda Bove, 1973 Children's set of books emphasizing letters and numbers using stories games and the Sesame Street Muppets Count to Ten Emily Thompson, 1986 Familiar Sesame Street characters introduce the numbers one to ten **The Sesame Street Bedtime Storybook** Tony Geiss, Emily P. Kingsley, David Korr, 1978 A collection of 12 read aloud stories featuring the Sesame Street Muppets *Sesame Street Count to Ten* Emily Thompson, Gender Development Judith E. Owen Blakemore, Sheri A. Berenbaum, Lynn S. Liben, 2013-05-13 This text offers a unique developmental focus on gender Gender development is examined from infancy through adolescence integrating biological socialization and cognitive perspectives The book's current empirical focus is complemented by a lively and readable style that includes anecdotes about children's everyday experiences The book's accessibility is further enhanced with the use of bold face to highlight key terms when first introduced along with a complete glossary of these terms All three of the authors are respected researchers in divergent areas of children's gender role development and each of them teaches a course on the topic The book's primary focus is on gender role behaviors how they develop and the roles biological and experiential factors play in their development The first section of the text introduces the field and outlines its history Part 2 focuses on the differences between the sexes including the biology of sex and the latest research on behavioral sex differences including motor and cognitive behaviors and personality and social behaviors Contemporary theoretical perspectives on gender development biological social and environmental and cognitive approaches are explored in Part 3 along with the research supporting these models The social agents of gender development including children themselves family peers the media and schools are addressed in the final part Cutting edge and comprehensive this is the perfect text for those who have been searching for an advanced undergraduate and or graduate book for courses in gender development the psychology of sex roles and or gender and or women or men taught in departments of psychology human development and educational psychology Although chapters have been designed to be read sequentially a full author citation is included the first time a reference is used within an individual chapter rather than only the first time it is used in the book making it easy to assign chapters in a variety of orders This referencing system will also appeal to scholars interested in using the book as a resource to review a particular content area
