Geschichte der Sozialen Arbeit 1 Wolf Rainer Wendt,2016-09-20 Das Grundlagenwerk bietet eine umfassende und fundierte Darstellung der Entwicklung sozialer Betätigung in diesem Band von der Aufklärung bis zum Ende des 19. Jahrhunderts und den Anfängen der beruflichen Sozialarbeit. Beschrieben werden gesellschaftliche Bewegungen, Denken, Politik und Praxis in Beantwortung der sozialen Frage: Wie sind Armut und Elend, Ungerechtigkeit und Benachteiligung in den Umbrüchen der Zeit zu bewältigen? Mit der Beschreibung der Genese der Regelung und der Organisation von Abhilfen wird die Evolution Sozialer Arbeit in den historischen Zusammenhang der gesellschaftlichen Entwicklung eingeordnet.

Frauenbewegung und soziale Reform Anja Schüler,2004 Die US-Amerikanerin Jane Addams 1860-1935 und die Deutsche Alice Salomon 1872-1948 zählen zu den national und international bekanntesten Sozialreformerinnen ihrer Zeit. Von den 1890er Jahren bis zum Ausbruch des Ersten Weltkrieges lieferten diese beiden Frauen und ihre Mitarbeiterinnen wichtige Anstöße zur Lösung der sozialen Frage und der Frauenfrage sowie Beiträge zur Neu- und Umdefinition der sozialen Arbeit in den Vereinigten Staaten und in Deutschland. Erstmals wird hier eine Doppelbiographie dieser beiden Frauen vorgelegt, die exemplarisch die Reformbestrebungen der deutschen und amerikanischen Frauenbewegung untersucht und die wechselseitige Rezeption sozialpolitischer Impulse im transatlantischen Reformdialog aufzeigt. Der Vergleich der in Deutschland lange vernachlässigten feministischen Reformtradition mit ihrem amerikanischen Gegenstück legt dabei die Revision zahlreicher hergebrachter Interpretationen der Frauenbewegungen in beiden Ländern nahe. Ein Referenzwerk für alle, die zur deutschen Frauenbewegung und zur Sozialreform in Deutschland im ausgehenden 19. Jahrhundert und in der ersten Hälfte des 20. Jahrhunderts forschen. o Das Historisch Politische Buch aThis work is a welcome addition to the dialogue of current historians about the development of social justice both as ideology and practice and the role of gender in those developments. o The Journal of American History Schülers gut geschriebenes Buch ist ein wichtiger Beitrag zur transatlantischen Geschichtsschreibung. Historische Zeitschrift Alle Stationen der beiden Leben sind ausgesprochen gut recherchiert und es macht Spaß, das Buch zu lesen. Ariadne

and gender throughout offering a concise and engaging account of a fascinating era in U S history that forever changed the relationship between a democratic government and its citizens Private Wohltätigkeitsvereine im Kaiserreich Meinolf Nitsch,1999 Reader's Guide to American History Peter J. Parish,2013-06-17 There are so many books on so many aspects of the history of the United States offering such a wide variety of interpretations that students teachers scholars and librarians often need help and advice on how to find what they want The Reader s Guide to American History is designed to meet that need by adopting a new and constructive approach to the appreciation of this rich historiography Each of the 600 entries on topics in political social and economic history describes and evaluates some 6 to 12 books on the topic providing guidance to the reader on everything from broad surveys and interpretive works to specialized monographs The entries are devoted to events and individuals as well as broader themes and are written by a team of well over 200 contributors all scholars of American history **Reader's Guide to Women's Studies** Eleanor Amico,1998-03-20 The Reader s Guide to Women s Studies is a searching and analytical description of the most prominent and influential works written in the now universal field of women s studies Some 200 scholars have contributed to the project which adopts a multi layered approach allowing for comprehensive treatment of its subject matter Entries range from very broad themes such as Health General Works to entries on specific individuals or more focused topics such as Doctors **American Settlement Houses and Progressive Social Reform** Domenica M. Barbuto,1999-06-07 Contains over 230 alphabetically arranged entries that provide information about the men and women institutions and events that characterized the American Settlement Movement of the late nineteenth and early twentieth centuries focusing on the main currents of the movement **Americanizing the West** Frank Van Nuys,2002 The arrival of immigrants on America s shores has always posed a singular problem once they are here how are these diverse peoples to be transformed into Americans The Americanization movement of the 1910s and 1920s addressed this challenge by seeking to train immigrants for citizenship representing a key element of the Progressives search for order in a modernizing America Frank Van Nuys examines for the first time how this movement in an effort to help integrate an unruly West into the emerging national system was forced to reconcile the myth of rugged individualism with the demands of a planned society In an era convulsed by world war and socialist revolution the Americanization movement was especially concerned about the susceptibility of immigrants to un American propaganda and union agitation As Van Nuys convincingly demonstrates this applied as much to immigrants in the urbanizing and industrializing West as it did to those occupying the ethnic enclaves of cities in the East In Americanizing the West he tells how hundreds of bureaucrats educators employers and reformers participated in this movement by developing adult immigrant education programs and how these attempts contributed more toward bureaucratizing the West than it did to turning immigrants into productive citizens He deftly ties this history to broader national developments and shows how Westerners brought distinctive approaches to Americanization to accommodate and preserve their own sense of history and identity Van Nuys shows that although racism

and social control agendas permeated Americanization efforts in the West Americanizers sustained their faith in education as a powerful force in transforming immigrants into productive citizens He also shows how some westerners especially in California believed they faced a racial frontier unlike other parts of the country in light of the influx of Hispanics and Asians so that westerners became major players in the crafting of not only American identity but also immigration policies The mystique of the white pioneer past still maintains a powerful hold on ideas of American identity and we still deal with many of these issues through laws and propositions targeting immigrants and alien workers Americanizing the West makes a clear case for regional distinctiveness in this citizenship program and puts current headlines in perspective by showing how it helped make the West what it is today *Universalgeschichte und Nationalgeschichten* Gangolf Hübinger, Jürgen

Osterhammel, Erich Pelzer, 1994 **Wohlfahrtsgesellschaft und Wohlfahrtsstaat** Marcus Gräser, 2009 This book looks at the influence of middle class and middle class based social reform movements concerned with welfare state building in the U S and in Germany from 1880 to 1940 Middle class social reform is conceived of as a mix of particular mentalities and activities the author considers the interaction with poverty as elementary for the constitution of the middle class as a distinct social group He analyzes social reform as a powerful instrument used by the middle classes to stabilize their urban political influence The welfare city rather than the welfare state was the ambition of the middle class Henceforth conflict between the Aestate and the cities became a driving force in welfare state building The different positions of the middle classes and of the cities in the U S and in Germany explain the very different paths taken by these two countries in developing the welfare state German text *Migrantinnenforschung in der Bundesrepublik Deutschland und den USA* Gabriele Ochse, 1999
