Seven Cs Of Consulting:

The Seven Cs of Consulting Mick Cope,2003 The first edition of 7Cs has established itself firmly as the only complete and definitive guide to the consulting process This updated second edition contains new models and includes a very timely additional section on ethical consulting Key Features There has been a general increase in consulting business it rose by 10% in 2001 No other consulting book describes the full life cycle of the consulting process **The Seven Cs of Consulting** Mick Cope,2010-10-05 CLIENT CLARIFY CREATE CHANGE CONFIRM CONTINUE CLOSE THE SEVEN SECRETS OF CONSULTANCY Most change methods are effective For the most part each one is theoretically sound well researched and clearly articulated But when they re put in organizations they fail at least 70 to 80% of the time George Smart Managing Partner Strategic Development Incorporated The definition of a consultant is someone who facilitates organisational change and provides expertise on technical functional and business topics during development or implementation In other words a consultant is someone who helps others to change However change isn t such an easy target to achieve Research shows that the vast majority of change programmes fail On a daily basis we hear about projects that are delayed cancelled over budget or boycotted by the end user The problem is that we can never force people to change remember the backlash against Jamie Oliver s healthy school meals campaign where parents handed junk food to their children through school fences The key to successful change is to engage with the end user and help them want to change The Seven Cs of Consulting offers a consistent and collaborative language that helps both consultant and client deliver value through sustainable change Based around the author s highly successful 7Cs model Client Clarify Create Change Confirm Continue Close this approach is simple and accessible but firmly grounded in research and real life experience The 7Cs approach opens up the complexity of sustainable change to the consultant and client and helps them explore and then avoid the real issues that cause change to fail within a more professional and trusting relationship The Seven Cs of Consulting Mick Cope,2012-09-26 The definition of a consultant is someone who facilitates organisational change and provides expertise on technical functional and business topics during development or implementation In other words a consultant is someone who helps others to change However change isn t such an easy target to achieve Research shows that the vast majority of change programmes fail On a daily basis we hear about projects that are delayed cancelled over budget or boycotted by the end user The problem is that we can never force people to change remember the backlash against Jamie Oliver s healthy school meals campaign where parents handed junk food to their children through school fences The key to successful change is to engage with the end user and help them want to change The Seven Cs of Consulting offers a consistent and collaborative language that helps both consultant and client deliver value through sustainable change Based around the author s highly successful 7Cs model Client Clarify Create Change Confirm Continue Close this approach is simple and accessible but firmly grounded in research and real life experience The 7Cs approach opens up the complexity of sustainable change to the consultant and client and helps them

explore and then avoid the real issues that cause change to fail within a more professional and trusting relationship The full text downloaded to your computer With eBooks you can search for key concepts words and phrases make highlights and notes as you study share your notes with friends eBooks are downloaded to your computer and accessible either offline through the Bookshelf available as a free download available online and also via the iPad and Android apps Upon purchase you ll gain instant access to this eBook Time limit The eBooks products do not have an expiry date You will continue to access your digital ebook products whilst you have your Bookshelf installed

The Seven Cs of Coaching Mick Cope,2004 Coaching is a booming industry and a much desired skill for managers but one thing is becoming clear the traditional methods have shortfalls and the old models are looking tired The vast majority of coaching books are founded upon the GROW model which is now exhausted its flaws are beginning to show Too many coaching interventions fail because they assume the person being coached wants to be there it is too short term and it creates an over reliance on the coach Coaching that doesn t last isn t coaching and Coaching that doesn t end is management It s time for a new way a complete process of coaching that creates sustainable change It s time for Collaborative Coaching Mick Cope has developed the definitive guide to the process of coaching and reveals a new process that enables sustainable change Collaborative Coaching will be invaluable as a guide for every manager and every professional coach
