**Anthony I. Ogus,Anthony I. Orgus**

## **Seven Dirty Words And Six Other Stories:**

**Freies Radio in den USA** Michaela Hampf, 2000      **Broadcast Indecency** Jeremy H. Lipschultz, 2023-12-22 Broadcast Indecency 1997 treats broadcast indecency as more than a simple regulatory problem in American law The author s approach cuts across legal social and economic concerns taking the view that media law and regulation cannot be seen within a vacuum that ignores cultural realities It treats broadcast as a phenomenon challenging the policy approach of government regulation and is an exploration of the political and social processes involved in the government control of mass media content      **More Speech, Not Less** Mark Sableman, 1997 History can teach us many lessons and one is that freedom is not easily preserved If there are not voices like Mark Sableman and others to remind us of our heritage there will be a gradual erosion of our basic freedoms Paul Simon from the Foreword      **Images of a Free Press** Lee C. Bollinger, 1994-06-15 Rich in historical detail Images of a Free Press is an elegant powerful guide to the evolution of our modern conception of freedom of the press which finds expression in laws that protect print journalism and regulate broadcast media Bollinger argues that this distinction remains meaningful but he advocates a more sophisticated approach to issues of privacy access and technology Providing concrete guidelines for improving media laws Images of a Free Press is a vital First Amendment primer for lawyers media professionals and critics and all concerned citizens Images of a Free Press is the natural sequel to Lee Bollinger s first book The Tolerant Society and is destined to become a standard in first amendment scholarship Rodney A Smolla Constitutional Commentary Revisiting themes he first explored some fifteen years ago Bollinger now adds further to our understanding of the complex relationship among the First Amendment the Supreme Court the public the press and the democratic process This is a work of insight sensitivity and power Bollinger has a profound knowledge of and a deep affection for his subject and it shows Geoffrey R Stone Michigan Law Review This thoughtful understated book remains a call to come join the town meeting and hammer out some new rules of order Scholars and citizens alike could do well to read Bollinger s book and accept his challenge Yale Law Review For a number of years Lee Bollinger has argued that the First Amendment has been applied differently to the print media than it has been to the broadcast media In his new book Images of a Free Press Bollinger provides a concise persuasive account of why this is so and why it ought to be so Columbia Law Review      *The V-chip Debate* Monroe E. Price, 2013-11-26 The V chip is a highly significant part of the discussion about whether television or broadcasting in general deserves some special attention in terms of its accessibility to children its particular power to affect conduct and its invasiveness But as this notion of filtering and labeling has caught the imagination of the regulator the legislator and all those who wish to consider new ways to alter bargaining over imagery in society the very idea of the V chip or its equivalent is moving across other technologies including the Internet The V chip issue has also fueled the ongoing debate about violence and sexual practices in society and how representations on television relate to those practices Although the initial concept of the V chip is simple its flow into the

public realm raises so many extraordinary questions that the introduction and production of the chip virtually serves as a case study in problems of law and public policy The very conceptualization of speech in society is being affected by this issue Accordingly the place of the V chip in this debate is increasingly important indeed it may be argued that the V chip s contribution to legal argumentation may be greater than its ultimate contribution to the relationship between children and imagery Among the questions the contributors address are What research basis is necessary to require a framework for labeling and rating What relationship between government and the image producing industries can be characterized for constitutional and other reasons as voluntary as opposed to coercive Who should evaluate these images To what extent should the evaluation process be centralized and or distributed What assessment is appropriate to evaluate whether the experiment is successful In addition to the V chip s origin s in Canada and its further evolution in the United States this book discusses the development of the V chip and television rating systems in Europe Australia and throughout the world It also includes essays which contrast the very different approaches in Canada and the United States in terms of the role of regulatory agency industry and government

**American Law in the Twentieth Century** Lawrence Meir Friedman,2004-01-01 American law in the twentieth century describes the explosion of law over the past century into almost every aspect of American life Since 1900 the center of legal gravity in the United States has shifted from the state to the federal government with the creation of agencies and programs ranging from Social Security to the Securities Exchange Commission to the Food and Drug Administration Major demographic changes have spurred legal developments in such areas as family law and immigration law Dramatic advances in technology have placed new demands on the legal system in fields ranging from automobile regulation to intellectual property Throughout the book Friedman focuses on the social context of American law He explores the extent to which transformations in the legal order have resulted from the social upheavals of the twentieth century including two world wars the Great Depression the civil rights movement and the sexual revolution Friedman also discusses the international context of American law what has the American legal system drawn from other countries And in an age of global dominance what impact has the American legal system had abroad This engrossing book chronicles a century of revolutionary change within a legal system that has come to affect us all

*Pornography and Sexual Representation* Joseph W. Slade,2001 A three volume reference guide to the available literature concerning pornography and sexual representation in America

**American Law in the Twentieth Century** Lawrence M. Friedman,2008-10-01 In this long awaited successor to his landmark work *A History of American Law* Lawrence M Friedman offers a monumental history of American law in the twentieth century The first general history of its kind *American Law in the Twentieth Century* describes the explosion of law over the past century into almost every aspect of American life Since 1900 the center of legal gravity in the United States has shifted from the state to the federal government with the creation of agencies and programs ranging from Social Security to the Securities Exchange Commission to the Food and Drug

Administration Major demographic changes have spurred legal developments in such areas as family law and immigration law Dramatic advances in technology have placed new demands on the legal system in fields ranging from automobile regulation to intellectual property Throughout the book Friedman focuses on the social context of American law He explores the extent to which transformations in the legal order have resulted from the social upheavals of the twentieth century including two world wars the Great Depression the civil rights movement and the sexual revolution Friedman also discusses the international context of American law what has the American legal system drawn from other countries And in an age of global dominance what impact has the American legal system had abroad Written by one of our most eminent legal historians this engrossing book chronicles a century of revolutionary change within a legal system that has come to affect us all

**Anti-Americanism** Thomas Perry Thornton,1988 **The Unkind Word and Other Stories.** By the Author of "John Halifax, Gentleman" [Miss D. M. Mulock, Afterwards Craik]. ,1870 **America, History and Life** ,1988 Provides historical coverage of the United States and Canada from prehistory to the present Includes information abstracted from over 2 000 journals published worldwide **Handbook of Industrial Organization** Richard Schmalensee,Robert Willig,1989-09-11 Handbook of industrial organization Schmalensee V 2 **Banned in the Media** Herbert N. Foerstel,1998-05-26 Examines the history of censorship in the media discusses seven prominent cases of media censorship and presents a chronological history of twenty eight media censorship court cases since 1812 **Regulation, Economics and the Law** Anthony I. Ogus,Anthony I. Orgus,2001 Regulation Economics and the Lawpresents a selection of the most important published articles on key issues arising in the design of social regulation It focuses in particular on interventionist measures used to protect primarily the environment health and safety and consumers Professor Ogus uses both public interest and private interest theory to investigate and evaluate the legal forms and procedures The volume covers on the one hand traditional command and control techniques such as licensing and standards and on the other newer techniques such as economic incentives and emissions trading Rulemaking procedures institutional structures and the impact of international competition are also considered Regulation Economics and the Lawwill be an invaluable source of reference for economists lawyers and policymakers working in these fields **Communications and the law** ,1992 **Law/technology** ,1992 **To See the World** M. Stewart,1991-02-06 This volume analyses the Principles Governing the Use by States of Artificial Earth Satellites for International Direct Television Broadcasting adopted by a recorded vote of 107 for 13 against with 13 abstentions by the United Nations General Assembly on December 10 1982 and proposes revisions which would lead to future consideration and adoption by consensus of these Principles These include inter alia a legal definition of international direct television broadcasting by satellite IDTBS to match the inherently global potential of the technology encompassing the international legal concepts of a new world education information and communication order NWEICO and the common heritage interest and benefit of all mankind CHM Finally extensive Appendixes provide the reader with comprehensive United Nations

documentation concerning the consideration by the U N of the subject of international direct television broadcasting by satellite and the elaboration and adoption by the United Nations of the above mentioned Principles Dr M LeSueur Stewart who is a member of the California and Massachusetts Bars has worked not only as Attorney with an American television network but also as producer and host of a public affairs radio talk program      The AALS Directory of Law Teachers ,2007

**Directory of Law Teachers** ,1987      **The Unkind Word and Other Stories** Dinah Maria Mulock Craik,1870
