This is one of the first volumes to examine the interface between research undertaken in sexuality and that in close relationships from a social psychological perspective. Experts from several different disciplines offer chapters that contain theory, extant literature and their own original research on such topics as jealousy, extradyadic sexuality, communication, love and sexual coercion. Aimed at a fairly wide audience, this book will be of interest to students, faculty and other professionals in social psychology, sociology, communication and family and women's studies. It is also a valuable source of information for teachers, researchers and clinicians working in the areas of human sexuality and/or close relationships.

Romance and Sex in Adolescence and Emerging Adulthood Ann C. Crouter, Alan Booth, 2014-04-04 Examines the nature and origin of adolescents' contemporary patterns of sexual and romantic relationships, spanning such diverse topics as the evolutionary roots of these behaviors. This book is useful for academicians and upper-level undergraduate and graduate students in the fields of human development and family studies and psychology.

Communication and Human Relationships Gerald M. Phillips, Julia T. Wood, 1983

Good Sex Raymond A. Belliotti, 1993 Rules about sexuality, written and unwritten, have existed in every culture, as have disagreements over what is and isn't acceptable. Must morally permissible sex have only one function? Must it be heterosexual? Must it occur within the confines of the institution of marriage? Must it be accompanied by requisite emotions such as love and intimacy?

Handbook of Multicultural Counseling Joseph G. Ponterotto, 2001-04-25 This Second Edition of the Handbook of Multicultural Counseling marks an important turning point. It brings together the voices of some pioneers who have paved the way and introduces us to new voices who, while influenced by the pioneers, have taken different paths. Because the multicultural community is well represented in content and scholarship in this second addition, the reader can be assured that the viewpoints represented in this book speak to the core issues of the field. I am excited about this Handbook because the authors answer the question that is often heard at many a conference: Where is the research to support multicultural counselling? I am equally excited about this Handbook because it breaks new ground by using as its anchor oral histories, which demonstrate that for many of us, multicultural counselling is not simply a research agenda but a life-long journey that cannot always be measured. The underlying theme of social justice only reinforces our commitment to this journey. Drs. Ponterotto, Casas, Suzuki, and Alexander have once again helped shape the multicultural conversation. To those who have often said, 'Where is the research?' look no further. Donald B. Pope-Davis, University of Notre Dame. Its First Edition set a standard for a then-emerging field. Now The Handbook of Multicultural Counseling, Second Edition, presents not merely an update of the original but a completely reconceived work reflecting the many developments that continue to expand the field of multicultural counselling. This new edition features mostly brand-new chapters and expanded coverage of historical perspectives on the field, highlighted by personal accounts from some of the pioneers in the area, professional and ethical issues, counselling's role in fighting oppression, psychological measurement theories, research design, gender issues and higher education issues. With

contributions once again from the field's key leaders as well as top emerging scholars this new edition maintains the breadth and comprehensiveness of the original The Handbook of Multicultural Counseling Second Edition is a critical resource for counsellors counselling students and other mental health professionals who seek to improve their competence in treating a culturally diverse clientele *The Relationship Between Sexual Behavior and Degree of Personal Commitment* Linda Brower Meeks,1969 Medical Aspects of Human Sexuality Harold I.
