Erotic History of Advertising Tom Reichert, 2010-04-06 Victoria s Secret and Calvin Klein are brand names practically synonymous with sexually suggestive advertising Considering their high public profile and huge profits anyone can see that sex sells Despite polls indicating that the public would like to see less sex in advertising Americans don t mean what they say They continue to respond to the lure of provocative marketing and most important to business they buy Knowing this more and more advertisers are testing the limits of public taste in the highly competitive battle to capture the consumer s attention All of this is well documented in Tom Reichert s profusely illustrated book *The Erotic History of Advertising* As Reichert amply demonstrates the use of sex in advertising is far from being a recent fad As long ago as the 1880s Duke Cigarettes enclosed in their packs not baseball cards but similar small cards showing scantily clad women of the stage which encouraged purchasers to keep buying to complete the whole set In the 1920s Woodbury soap became the market leader largely through ads with images of romantic situations and claims that Woodbury soap made a woman s skin irresistible to the touch In the 1930s White Owl cigars had great success in marketing through ads showing attractive couples locked in a passionate kiss suggesting that only White Owls left the breath smelling pleasant Warner Lambert capitalized on the same kind of imagery for decades to connect Listerine mouthwash with romantic success With numerous illustrations showing many erotic ads some campy some esthetically elegant some homoerotic that push the boundaries of sexuality and taste from over a century of product marketing Reichert not only tracks the history of sex in advertising but also explores the many factors that make the link between sex and our consumer culture so successful Among other things he considers the range of salacious imagery from mildly suggestive to the use of outright nudity the emotional impact of sexy ads the influence of sex on brand recognition what works and what doesn t the differences between male and female responses and the possible harms of using sex in advertising especially in regard to young audiences and the perpetuation of female stereotypes This thoughtful enjoyable and fascinating look into the world of advertising from the late 1800s to the most erotic ads of today will appeal to both media savvy consumers and aficionados of pop culture

Interkulturelle Perspektiven zwischen Deutschland und Frankreich. Die Rolle und Bedeutung der Frau in der Werbung Meike Brodé, 2017-08-10. Studienarbeit aus dem Jahr 2013 im Fachbereich BWL - Online Marketing und Offline Marketing, Note 2,0, Universität des Saarlandes, Romanistik. Veranstaltung: Das Beste oder nichts. Von den Ungleichheiten der Markenkommunikation. Sprache: Deutsch. Abstract: Die Thematisierung der Frau in der Werbung stellt nicht erst seit gestern und nicht nur in der Marketingforschung einen kontrovers diskutierten Gegenstandsbereich der Alltagskommunikation dar. Die Rollenverteilung zwischen Mann und Frau ist seit Jahrzehnten im Umbruch. Die Diskussion über Männer und Frauendomänen wird immer wieder aufgenommen. Welche Rolle spielt die Frau in der Werbung in eben diesen Männerdomänen? In welchen Kontexten kommt sie in Kampagnen und Anzeigen vor und was verrät dies über die vermittelten Geschlechterbilder? Diese Fragen umfassen einen der Aspekte, die diese Arbeit in Bezugnahme auf Werbemittel in Deutschland und Frankreich der Firma Sixt beleuchten soll. Seit den 1980er Jahren erlebt die Weltwirtschaft im Rahmen der Globalisierung eine hiermit verbundene zunehmende Internationalisierung von Unternehmen, welche auch das Unternehmen Sixt durchlaufen hat. Gleichzeitig erfordert diese Internationalisierung ebenfalls eine Ausweitung der Werbung, m. g. l. i. c. h. e. r. w. e. i. s. e. a. u. c. h. f. ü. r. a. n. d. e. r. e. A World Made Sexy Paul Rutherford, 2007 The cult of eroticism is a pervasive force in modern society affecting almost every aspect of our daily lives In this book Paul Rutherford argues that this phenomenon is a product of one of the major commercial and political enterprises of the twentieth and twenty first centuries the creation of desire for sex for wealth and for entertainment A World Made Sexy examines museum exhibitions art books magazines films and television to explore the popular rise of eroticism in America and across the developed world Starting with a brief foray into the history of pornography Rutherford goes on to explore a sexual liberation movement shaped by the ideas of Marx and Freud the erotic styles of Salvador Dali and pop art the pioneering use of publicity as erotica by Playboy and other media and the growing concerns of cultural critics over the emergence of a regime of stimulation In one case study Rutherford pairs James Bond and Madonna in order to examine the link between sex and aggression He details how television advertising after 1980 constructed a theatre of the libido to entice the buying public and concludes by situating the cultivation of eroticism in the wider context of Michel Foucault's views on social power and governmentality and specifically how they relate to sexuality during the modern era A

Imaging in Advertising Fern L. Johnson,2008 The dominance of advertising in everyday life carries potent cultural

meaning As a major force in the rise of image based culture advertising spreads images that shape how people live their lives While scholarship on visual images has advanced our understanding of the role of advertising in society for example in revealing how images of extremely thin female models and athletic heroes shape ideals and aspirations images circulated through language codes or verbal images in advertising have received less attention Imaging in Advertising explores how the verbal and visual work together to build a discourse of advertising that speaks to audiences and has the power to move them to particular thoughts and actions In this book Fern L Johnson presents a series of case studies exploring important advertising images racial connotations in cigarette advertising representations of cultural diversity in teen television commercials metaphors of the face appearing in ads for skin care products language borrowed from technology to sell non technology products and the illusion of personal choice that is promoted in many Internet web sites Johnson argues that examining the interplay of verbal and visual images as a structured whole exposes the invasive role of advertising in shaping culture in 21st century America
