Sex And Dehumanization In Art Thought And Life In Our Time:

Sex and Dehumanization in Art, Thought and Life in Our Time David Holbrook,1972 Sex and Dehumanization David Holbrook,2018-04-24 Never before published in the United States David Holbrook's study offers the sort of common sense all too uncommon in this area of study His essential premise is that sex has become converted from an instrument for the expression of happiness and affection into an end unto itself In the search for sexual liberation all that has been accomplished is the mechanization of sexuality and the destruction of the full range of emotions that nourish the human search for social and biological meaning Sex and Dehumanization is one of those rare books that will immediately strike the reader as part of the common wisdom that has somehow been lost in a search for the pleasure principle unhinged from other values and goals During the past quarter century Holbrook argues not only has the concept of sex become increasingly separated from the rest of existence but sex casualties have increased disastrously The spread of AIDS has brought an ominous and deadly manifestation of this thesis into the human equation yet at the same time the response to this menace has been nothing short of manic denial A similar picture emerges in less deadly forms Whatever statistics one examines whether those of sexual activity among young children abortion or sexual disease one finds a grim antidote to any hopes of progress in the sphere of human dealings with the sexual Holbrook locates many of the problems involved in this separation of sex and affection in the emergence of the idea that our lives are governed by impersonal forces beyond human control Sex and Dehumanization is in the great tradition of social history and psychiatric analysis Robert Nye writing in the Scotsman says that Holbrook's diagnosis of our unease should be attentively studied by all who really care about sex and love and the responsibility of freedom Gabriel Pearson in the Guardian echoes this sentiment adding that never has such a secular ethic been so firmly and urgently and usefully stated And John Rex sees the book as containing the germs of important and central moral discussion Frauen & Männer und Pornographie Eva Dane,1990 **A Guide to Twentieth Century Literature in English** Harry Blamires,2021-06-23 First published in 1983 A Guide to Twentieth Century Literature in English is a detailed and comprehensive guide containing over 500 entries on individual writers from countries including Africa Australia Canada the Caribbean India Ireland New Zealand Pakistan Sri Lanka and the UK The book contains substantial articles relating to major novelists poets and dramatists of the age as well as a wealth of information on the work of lesser known writers and the part they have played in cultural history It focuses in detail on the character and quality of the literature itself highlighting what is distinctive in the work of the writers being discussed and providing key biographical and contextual details A Guide to Twentieth Century Literature in English is ideal for those with an interest in the twentieth century literary scene and the history of literature more broadly **Powers of Being** Edwin Webb,1995 To mark the seventieth birthday of one of Britain's most prolific writers teachers and academics from the United States Canada and the United Kingdom contributed a collection of specially written essays defining and appraising Holbrook's work in all its varieties The result is

Powers of Being which addresses the issues proposed by Holbrook and celebrates a singular and distinguished literary achievement Swoon Betsy Prioleau, 2013-01-28 Lose yourself Swoon has wicked fun answering that age old query What do women want Chicago Tribune Contrary to popular myth and dogma the men who consistently beguile women belie the familiar stereotypes satanic rake alpha stud slick player Mr Nice or big money mogul As Betsy Prioleau author of Seductress points out in this surprising insightful study legendary ladies men are a different complex species altogether often without looks or money They fit no known template and possess a cache of powerful erotic secrets With wit and erudition Prioleau cuts through the cultural lore and reveals who these master lovers really are and the arts they practice to ensnare women What she discovers is revolutionary Using evidence from science popular culture fiction anthropology and history and from interviews with colorful real world ladykillers Prioleau finds that great seducers share a constellation of unusual traits While these men run the gamut they radiate joie de vivre intensity and sex appeal above all they adore women They listen praise amuse and delight and they know their way around the bedroom And they've finessed the hardest part locking in and revving desire Women never tire of these fascinators and often like Casanova's conquests remain besotted for life Finally Prioleau takes stock of the contemporary culture and asks where are the Casanovas of today After a critique of the twenty first century sexual malaise the gulf between the sexes and women's record discontent she compellingly argues that society needs ladies men more than ever Groundbreaking and provocative Swoon is underpinned with sharp analysis brilliant research and served up with seductive verve **Kritische Berichte**, 1982 *Kunstgeschichte und Gender* Anja Zimmermann, 2006
