Setting The Table Women In Theological Conversation:

Setting the Table Rita Nakashima Brock, Claudia V. Camp, Serene Jones, 1995 Once upon a time woman theologian was something of a contradiction in terms No more This collection of essays offers a dynamic look at the emerging consciousness of feminist theology how it has grown and how it is creating a new vision for the church **Chalice Introduction to Disciples Theology** Peter Heltzel, 2008 **Disciples and Theology** Stephen Sprinkle, 1999 Although the Christian Church Disciples of Christ has consciously avoided formal creeds Disciples have through their history formulated their thought in distinctive theological ways **Creating Women's Theology** Monica A. Coleman, Nancy R. Howell, Helene Tallon Russell, 2011-09-22 Creating Women's Theology engages women's questions Can women from different religious traditions engage one theological approach Can one philosophical approach support feminist religious thought What kind of belief follows women's criticism of traditional Christianity Creating Women's Theology offers a portrait of how some women have found room for faith and feminism For the last twenty five years women religion scholars have synthesized process philosophy with their feminist sensibilities and faith commitments to highlight the value of experience the importance of freedom and the interdependence of humanity God and all creation Cutting across cultural and religious traditions process relational feminist thought represents a theology that women have created This volume offers an introduction to process and feminist theologies before presenting selections from canonical works in the field with study questions This volume includes voices from Christianity Judaism goddess religion the Black church and indigenous religions Creating Women's Theology invites new generations of undergraduate seminary and university graduate students to the methods and insights of process relational feminist theology *Theology and the Arts* Ruth Illman, W. Alan Smith, 2013-06-07 This book brings the emerging fields of practical theology and theology of the arts into a dialogue beyond the bias of modern systematic and constructive theology The authors draw upon postmodern post secular feminist liberation and dialogical dialectical philosophy and theology and their critiques of the narrow modern emphases on reason and the scientific method as the model for all knowledge Such a practical theology of the arts focuses the work of theology on the actual practices that engage the arts in their various forms as the means of interpreting and understanding the nature of the communities and their members as well as the mechanisms through which these communities engage in transformative work to make persons and neighborhoods whole This book presents its theological claims through the careful analysis of several stories of communities around the world that have engaged in transformational practices through a specific art form investigating communities from Europe the Middle East South America and the U S The case studies explored include Jewish Christian Muslim Druze indigenous and sometimes agnostic subjects involved in visual art music dance theatre documentary film and literature Theology and the Arts demonstrates that the challenges of a postmodern and post secular context require a fundamental rethinking of theology that focuses on discrete practices of faithful communities rather than one dimensional theories about religion **The**

Pentecostal Gender Paradox Joseph Lee Dutko, 2023-11-16 The distinct subjects of eschatology and gender equality have seen an explosion of interest in recent decades particularly within Pentecostal scholarship Pentecostalism is regarded ideally as both an eschatological and egalitarian movement However many Pentecostals have lamented the inconsistency between the early egalitarian impulse of the movement and its current restrictive practices This situation has been described as the so called Pentecostal gender paradox referring to the conflicting freedoms and limitations experienced by Pentecostal women Pentecostals have also recognized the waning eschatological fervor within the movement and its shifting eschatological convictions leading to calls to rediscover the eschatological heart of the movement Despite the renewed interest in both eschatology and women s equality little research has been done to put these two areas into conversation with each other eschatological convictions are often absent in the debate on gender roles in the church For Pentecostals eschatology has often been about urgency in saving souls rather than attending to social issues but could Pentecostal eschatology be the key to re discovering greater equality for women in the church Is the waning of both eschatology and women s equality within Pentecostalism potentially interrelated For over one hundred years the role of women in Pentecostalism has been debated without a firm consensus By examining gender solely through an eschatological lens in history Scripture and praxis this work provides a valuable and creative contribution to one of the most important theological and global issues of our time women s in equality This book is also one of the first comprehensive studies to approach a single social issue solely through an eschatological lens and to provide attention to developing a thorough and methodologically connected eschatological praxis By uncovering the unified eschatological egalitarian narrative thread within both the Pentecostal and biblical story this work suggests that the present end of women s inequality begins with fidelity to the future eschaton of gender equality **New Books on Women and Feminism** ,1995 **Encounter** ,1997 **Feminist and Womanist Pastoral Theology** Bonnie J. Miller-McLemore, Brita L. Gill-Austern, 1999 In the last decade the focus of pastoral theology has shifted dramatically from care defined as counseling to care understood within a wider social political and religious context Feminist and womanist theory as well as feminist and womanist faith convictions have played a key role in this development According to the authors feminists and womanists in pastoral theology have begun to reconstruct the definitions parameters and commitments of pastoral care and counseling These changes have critical implications for care within congregations and for the understanding of theology in seminaries and divinity schools Yet these developments in the theory and practice of pastoral theology and their broader ramifications have not been carefully analyzed or even acknowledged by pastoral theologian minister and religion scholar alike This is due to a failure to articulate clear understandings of the field the gap between congregational ministry and higher education in religion and conflicts in theological education in general over the place of practice and theory experience spirituality and practical theology To redress these problems this collection of essays has a threefold aim First the book identifies the many changes occurring in definitions of pastoral theology care and counseling

Second the volume defines and develops new methods and approaches Third the authors attend to the implications of these changes for congregational care and theological education Roughly speaking the order of the chapters in this volume follows this threefold agenda moving from an exploration of the changes in pastoral theology to its reconstruction to some of the implications of recent innovations Journal of Feminist Studies in Religion ,1996 *The Satisfied Life* Jane Ellen McAvoy,2000 Salvation for them means experiencing the death and resurrection of Christ not as life denying but as a life affirming celebration of God s love for us through the sustaining love of Jesus BOOK JACKET **The Human Person and the Church** Gillian T. W. Ahlgren,1999 The God who Provides L. Juliana M. Claassens,2004 Provides a reasonable alternative to the stereotypical image of God and demonstrates how to refer to God as not be exclusively male yet still be biblically responsible Original Index to Book Reviews in Religion ,1999 **Religion Index Two** ,1998 **Directory of American Scholars: Philosophy, religion and law** ,1999 *American Book Publishing Record* ,1995 Forthcoming Books Rose Arny,2000 *Books in Print Supplement* ,2002 **To the Far Corners** George Burnham,1956
