the theatre and some more ephemeral material all of this in several languages Organised generically and by subject and
individual work the bibliography enables the reader to trace the changing impact of Strindberg and his works in various
countries and during different periods It is thus very much a study in reception as well as a bibliographical record of
published material It traces the developing image of Strindberg and his writing both during his lifetime and in subsequent
years and with frequent cross reference offers a comprehensive overview of a literary and existential project that has rarely
been matched for its multifaceted diversity The bibliography is published in three parts Volume 1 General Studies 978 0

to take account of the most recent theoretical developments in anthropology critical theory and psychotherapy New sections
