

Holmes sat down at the table with a pen and some paper, 'Just tell us the true story,' he said.

'I am a dying man,' said Turner. 'I have had diabetes for years. My doctor does not think that I have more than a month to live. But naturally I prefer to die under my own roof than in prison.'

Holmes stood up, crossed to the table and sat down at it with a pen in his hand and some paper in front of him. 'Just tell us the true story,' he said. 'I shall write it all down. You will put your name to it and Watson here will listen to everything. Then if I need to save young McCarthy's life, I can give it to the police. I promise you that I shall not use it until I must.'

'Very well,' said the old man. 'I do not think that I shall live until the case comes up, so it does not matter much to me. But I want to save Alice's feelings if I can. A Brief Guide to Ghost Hunting Leo Ruickbie,2013-08-15 There has been an upsurge in books television programmes films and websites exploring the reality or otherwise of the spirit world Not since the founding of The Ghost Club in 1862 and the Society for Psychical Research in 1882 has ghost hunting been so popular Television and the internet in particular have fueled this new level of interest creating a modern media phenomenon that spans the globe But while the demand for information is high good information remains scarce A Brief Guide to Ghost Hunting leads us through the process of ghost hunting from initially weighing the first report to choosing equipment and investigating and identifying the phenomena with an analysis of the best places to go looking methods of contacting the spirit world how to explain paranormal activity and crucially how to survive the encounter However it is also a book about ghost hunting itself drawing on 130 years of research in the cavernous archives of the Society for Psychical Research and even older history to find the earliest ghost stories A Ghost Hunting Survey makes use of interviews with those billing themselves as ghost hunters to find out their views motivations and experiences New and original research makes use of statistics to map the nebulous world of apparitions while a Preliminary Survey of Hauntings offers an analysis of 923 reported phenomena from 263 locations across the UK This is as far as possible an objective presentation of ghosts and ghost hunting It is no wonder that mainstream science largely refuses to deal with the subject it is too complicated Without trying to convince you of any viewpoint this book is intended to help you understand more *AB Bookman's Weekly* ,1999 *The New Strand* ,1961 **Publishers' Circular and**
