## **Seventeenth Century Verse Prose Volume 1:**

Seventeenth-century Verse End Prose, Vol. 1: 1600-1660 Helen C. White, Ruth C. Wallerstein, Ricardo Quintana, 1951

The New Cambridge Bibliography of English Literature: Volume 1, 600-1660 George Watson, Ian Roy Willison, 1974-08-29

More than fifty specialists have contributed to this new edition of volume 1 of The Cambridge Bibliography of English Literature. The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis, articulation and coordination that it has been retained in all its essentials for the new edition. The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries.

**The Variorum Edition of the Poetry of John Donne, Volume 4.2** John Donne, 2021-11-02. This volume, the ninth in the series of The Variorum Edition of the Poetry of John Donne, presents newly edited critical texts of 25 love lyrics. Based on an exhaustive study of the manuscripts and printed editions in which these poems have appeared, Volume 4.2 details the genealogical history of each poem accompanied by a thorough prose discussion as well as a General Textual Introduction of the Songs and Sonets collectively. The volume also presents a comprehensive digest of the commentary on these Songs and Sonets from Donne's time through 1999. Arranged chronologically within sections, the material for each poem is organized under various headings that complement the volume's companions, Volume 4.1 and Volume 4.3.

Willison, 1971-07-02. More than fifty specialists have contributed to this new edition of volume 2 of The Cambridge Bibliography of English Literature. **Manuscripts** Mary Hobbs, 1992. Modern editors of seventeenth century poetry base their work on authorised manuscripts of their subjects where these exist but otherwise prefer contemporary printed editions, usually posthumous, because before the

Civil War it was considered ungentlemanly to publish to verse miscellany manuscripts which are usually earlier Yet when these manuscripts are examined as a whole important information not only textual but literary and biographical emerges for the study of both major and minor poets of the period They set the work of the major poets in the contemporary context of which they are part and even where carelessly copied may reveal undiscovered lines of textual descent Such manuscripts kept for their private enjoyment by gentlemen and women too students lawyers and musicians contain poems by or about celebrities friends or family and especially song texts revealing hitherto unnoted links between contemporary poets and musicians Though the contents discussed derive chiefly from Oxford the principles here identified remain true for manuscripts of any other provenance
