Seventh Cadfael Omnibus:

The Worst Medieval Monarchs Phil Bradford, 2023-11-23 Stephen John Edward II Richard II Richard III These five are widely viewed as the worst of England's medieval kings. Certainly their reigns were not success stories. Two of these kings lost their thrones, one only avoided doing so by dying; another was killed in battle and the remaining one had to leave his crown to his opponent. All have been seen as incompetent, their reigns blighted by civil war and conflict. They tore the realm apart, failing in the basic duty of a king to ensure peace and justice. For that, all of them paid a heavy price. As well as incompetence, some also have reputations for cruelty and villainy. More than one has been portrayed as a tyrant. The murder of family members and arbitrary executions stain their reputations. All five reigns ended in failure. As a result, the kings have been seen as failures themselves, the worst examples of medieval English kingship. They lost their reputations as well as their crowns. Yet were these five really the worst men to wear the crown of England in the Middle Ages? Or has history treated them unfairly? This book looks at the stories of their lives and reigns, all of which were dramatic and often unpredictable. It then examines how they have been seen since their deaths, the ways their reputations have been shaped across the centuries. The standards of their own age were different to our own. How these kings have been judged has changed over time, sometimes dramatically. Fiction from Shakespeare's plays to modern films has also played its part in creating the modern picture. Many things have been created over a long period, the negative reputations of these five. Today they have come to number among the worst kings of English history. Is this fair, or should they be redeemed? That is the question this book sets out to answer.

The Seventh Cadfael Omnibus Ellis Peters, 1997 THE HOLY THIEF At the height of the hot summer of 1144 the abbey at Ramsey is in danger. When heavy rain brings the threat of floods to Shrewsbury and the holy relics must be removed to a place of safety, the subsiding waters reveal a robbery has been committed. The master sleuthing of Brother Cadfael is put to the test once more, but to the crime of theft is soon added a murder. BROTHER CADFAEL'S PENANCE In the year of our Lord 1145 the bitter rift between King Stephen and Empress Maud at last has a chance of reconciliation, particularly the question of the prisoners of war. Brother Cadfael learns that amongst the prisoner is Olivier de Bretagne, his son. His determination to come to his son's aid prompts a perplexing investigation of a uniquely personal nature. A RARE BENEDICTINE In these three vintage tales of intrigue and treachery, A Light on the Road to Woodstock, The Price of Light and Eye Witness, emerges the events that have turned Cadfael from a crusading and seafaring past to the momentous decision of entering the Benedictine Order of the Abbey of St Peter and St Paul. 100 Greatest Literary Detectives Eric Sandberg, 2018-04-12 Crime fiction is one of the most popular literary genres and has been for more than a century.
