Sex and Sex Worship (Phallic Worship) O. A. Wall,2015-06-25 Excerpt from Sex and Sex Worship Phallic Worship A Scientific Treatise on Sex Its Nature and Function and Its Influence on Art Science Architecture and Religionwith Special Reference to Sex Worship and Symbolism When Psychopathia Sexualis by Krafft Ebing and similar works by Moll Lombroso etc appeared in print I at the request of some of my professional friends prepared a series of lectures for them showing that sexual perversions described in these works as insanities were in reality deliberate vices the results of vicious teachings which had come to us by transmission and teachings from the Greek and Roman schools in which slaves were trained in libidinous arts to make them more valuable to luxury loving purchasers their masters and mistresses But of this matter little or none is used in this book which does not pretend to treat of that phase of sexual life and sexual practices Recently I was asked to write my studies on sex for publication in order that the work might not be lost As the views on these subjects have materially changed among the learned among the public since the time when the collection of this information was first begun I consented and this book is the result The facts gathered about phallic religion led me to doubt whether this was ever a religion from all other religions apart it appeared to me to be merely a phase in the evolution of all religions Nor was it a real worship of the generative organs but rather a use of representations of the phallus and yoni as symbols for certain religious ideas which were embodied in nature worship Mankind when it gave expression to its first dawns of religious thoughts wove a fabric of myths and theories about religion the warp of which ran through from earliest historical times to our own days as threads of the warp of philosophies and theories about sex male female love passion lust desire procreation offspring etc while the succeeding ages and civilizations wove into this warp the woof of the individual religions the myths and fables of gods and goddesses so that the whole fabric of beliefs though at first coarse and poor became more refined as mankind itself advanced by a process of revelation which consisted in a gradual unfolding of truths in the consciousness and consciences of innumerable thinkers until our present religions were produced and which process of revelation is still going on and will continue until all that is fantastic irrational unbelievable is eradicated from our faiths About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
