## **Memes Today This Week:**

Digital Virtues and Memes Alistair Davidson, 2014-11-04 Digital Virtues and Memes focuses upon the consequences of being involved with the Internet in many ways Increasingly marketers are using the Internet to test and craft creative ways of extracting money from your pocketbook Companies are building profiles of you and your activities And cybercriminals are breaking into companies and finding out too much about you Yet the Internet and mobile devices like smart phones are increasingly useful This is the first book to address best practices in defending yourself on the Internet avoiding spending too much money and regaining control of your life

**Internet Memes and Copyright Law** Brian Chun Lok Leung, 2025-09-30 This book explores the intricate relationship between copyright law and internet meme culture challenging an assumption that copyright is a barrier to digital creativity Using the lens of internet memes to analyse copyright law in the context of participatory remix culture the book confronts a common perception that copyright is the destroyer of internet memes on social media platforms Following the European Union's Copyright Directive widely known as the Meme Ban this book critically examines whether copyright might instead be reimagined to foster rather than inhibit re creations that define internet meme culture The book argues that this culture directly challenges copyright's core assumptions and proposes a new holistic approach to copyright that distinguishes between traditional and emergent forms of creative processes Arguing for a flexible interpretation of copyright that limits private proprietary rights in the case of internet memes it provides a legal framework to support socio cultural discourse without undermining copyright's foundational principles Covering core copyright concepts such as authorship idea expression originality fair dealing and user rights the book provides a compelling argument as to how copyright can adapt to the digital age as a protector of cultural expressions ensuring that internet memes are not only preserved but celebrated The book will be of interest to researchers in the field of copyright law the law of emerging technologies and intellectual property law
