<p>Name _____</p> <h3 style="text-align: center;">Whiskers and Max</h3>  <p>Directions: Read the passage twice then answer the questions. Underline the evidence for each question.</p> <hr/> <p>Lily's family has two pets: a cat named Whiskers and a dog named Max. Even though their are both furry animals, they have very different personalities and behaviors.</p> <p>Whiskers is an independent cat who enjoys quiet places. She often finds sunny spots by the window and curls up for a nap. Sometimes, she climbs on bookshelves to observe the room from above. When she wants attention, she rubs against Lily's leg or jumps into her lap, purring softly. However, if she is in the mood, she may walk away or hide under the couch.</p> <p>Max, on the other hand, is full of energy and always ready to play. He follows Lily around the house and wags his tail whenever she comes home. He enjoys playing fetch in the backyard, running in circles, and chasing after his favorite ball. Unlike Whiskers, Max always wants attention and will bark excitedly if he feels ignored.</p> <p>In many ways, Whiskers and Max have some things in common. Both animals love cozy blankets and enjoy being close to their owner. Despite their differences, Whiskers and Max have become best friends and bring joy to everyone in the household.</p>	<h3 style="text-align: center;">Questions</h3>  <ol style="list-style-type: none"> How does Whiskers act when she wants attention? What does Max do when he is happy? Do you think it would be easier to take care of? Why?
