*Flights of Fancy, in Six new Gleees for four Voices, etc* William Linley, 1799      Intellectual Property Law: Text, Cases, and Materials Tanya Aplin, Tanya Frances Aplin, Jennifer Davis, 2013-08-29 This book provides a full and clear exposition of the fundamentals of intellectual property law in the UK It combines excerpts from cases and a broad range of secondary works with insightful commentary from the authors which will situate the law within a wider international context      *Public Health Ethics* Stephen Holland, 2007-09-17 How far should we go in protecting and promoting public health Can we force people to give up unhealthy habits and make healthier choices or does everyone have the right to decide their own lifestyle Should we stop treating smokers who refuse to give up smoking Should parents be required to have their children vaccinated Such questions are at the heart of public health ethics The author shows that to understand and debate these issues requires philosophy moral philosophies such as utilitarianism and deontology as well as political philosophies such as liberalism and communitarianism And philosophy informs other aspects of public health such as epidemiology and health promotion The aim of this book is to provide a lively accessible and philosophically informed introduction to such issues It is an ideal textbook for students taking courses in public health ethics And since this book develops systematic discussions of issues in public health ethics there is also much here to engage and challenge the more advanced reader Ed      **The American Decisions** ,1887
