they are changing It is a theme of crucial significance in the shaping of future generations of readers given these beliefs influence not only ideas about the teaching of literature but also about the role of digital technologies This text is a must read for any individual interested in the importance of keeping literature alive through reading **Voyager** Jan Mark,2006 Starved sun scorched and dangerously dehydrated Demetria is barely recognizable as human when she is rescued from the ocean Having risked everything to escape her oppressive life on High Island she desperately hopes she is finally free But the world beyond the island is even more terrifying here people are condemned for their beliefs and castaways like Demetria are accused of being enemy spies Snatched first by the government who want to interrogate her then rescued by the resistance Demetria fears she will never be free But as she learns about the political situation about those who go missing and those forced into exile Demetria begins to understand that there are more important things to fight for than her own freedom
