Right And Democracy In Latin America:

Gender and the Politics of Rights and Democracy in Latin America Maxine Molyneux, 2016-01-28 This volume assesses one of the most important developments in contemporary Latin American women's movements: the engagement with rights-based discourses. Organised women have played a central role in the continued struggle for democracy in the region and with it gender justice. The foregrounding of human rights and within them the recognition of women's rights has offered women a strategic advantage in pursuing their goals of an inclusive citizenship. The country-based chapters analyse specific bodies of rights: rights and representation, domestic violence, labour rights, reproductive rights, legal advocacy, socio-economic rights, rights and ethnicity, and rights, the state and autonomy. *The Right and Democracy in Latin America* Douglas A. Chalmers, Maria do Carmo Campello de Souza, Atilio Boron, 1992-02-28 This book of up-to-date studies by a group of research scholars from Latin America and the United States examines the factors essential to an understanding of the Right's goals, organizations and commitment to democracy. The book is divided into four distinctive sections, the first of which deals with the general characteristics of the Right. The following three sections explore in depth the political strategies and organizations of the Right in elections and governing, coalitions, the conservative trends that are changing the Church and the fate of neo-liberal ideas among businessmen traditionally dependent on the State. Several chapters are devoted to the distinctive dynamics in Argentina, Brazil, Mexico and Peru.

Uncivil Movements Leigh A. Payne, 2000 The eighth and final instalment of the international best-selling series from Jenny Nimmo starring Charlie Bone. An Academy for magic and special talents. A destiny unfulfilled. A secret legacy. Join Charlie Bone as he discovers the truth about the Red King and the key to his own past. The Bloors are gathering their evil forces: thieves, poisoners, kidnappers, swindlers and even murderers from Piminy Street. And Lord Grimwald Dagbert's father is enlisted to drown Charlie's father and mother on their second honeymoon using his magical Sea Globe. It looks like Charlie's only hope might be the mysterious Red Knight. But who is he? And can he help Charlie defeat the Bloors once and for all? All the magical threads come together in this amazing finale to a hugely compelling series. With nearly 5 million copies sold, Jenny Nimmo's fantasy series is still charming generations of children over a decade after Charlie Bone was first printed.

Constructing Democracy Elizabeth Jelin, 2019-03-11 In this pathbreaking contribution to debates about human rights, democracy and society, distinguished social scientists from Latin America and the United States move beyond questions of state terror, violence and similar abuses to embrace broader concepts of human rights, citizenship, identity, civil society, racism, gender discrimination and po. *The Impact of Foreign Interventions on Democracy and Human Rights* Ana Magdalena Figueroa, 2022-01-28 The Impact of Foreign Interventions on Democracy and Human Rights provides holistic studies exploring the relationship between military and economic interventions and the policies, methods, intentions and consequences of the various American, French and Chinese interventions in the case studies they present.

Democratic Latin America Craig Arceneaux, 2015-10-30 Drawing on new

approaches in comparative politics Democratic Latin America focuses on analyzing political institutions as a way to assess broader trends in the region s politics including the rise of democracy The text looks at the major institutions executive legislature judiciary military and more in 18 democratic countries to not only provide an expansive view of politics in Latin America but to also facilitate cross national comparison Democratic Latin America uniquely surveys the what of the region s politics as well as the why and how to help students critically consider Latin America s future

Challenges of Human Rights in Latin America Casar Landa,César Landa Arroyo,2019 Latin America offers a democratic and constitutional process with the goals to respect fundamental human rights and control the excess of power Nevertheless the weaknesses of the rule of laws institutions does not guarantee for all citizens the protection of old and new rights In this sense the Inter American Fundamental Rights Conference organized by the Inter American Network on Fundamental Rights and Democracy REDIDD is an annual meeting of professors and researchers from the different universities of Latin America addressing topics of particular importance regarding the possibilities and challenges of the consolidation of the constitutional state in the region This book presents the minutes of the Fourth Inter American Fundamental Rights Conference and explores topics such as political rights and the consolidation of democracy in Latin America impeachment and judicial guarantees the challenges of freedom of information and judicial protection and due process amongst others

Engendering Transitions Georgina Waylen,2007-05-24 What has been the impact of transitions to democracy on gender relations What roles have women s mobilizations played in processes of democratization In a new and over arching thematic analysis Engendering Transitions answers these questions by comparing the transitions from state socialism and authoritarianism that took place as part of the third wave of democratization that swept the world from the mid 1970s onwards Using empirical material drawn from eight case study countries in East Central Europe and Latin America as well as South Africa Georgina Waylen explores the gendered constraints and opportunities provided by processes of democratization and economic restructuring This book uses a sophisticated analytical framework that brings together the analysis of key actors and institutions and shows that under certain conditions transitions to democracy can result in some positive gender outcomes such as improvements in women s political representation and more gender sensitive policy in areas such as domestic violence Georgina Waylen argues that women s mobilization during transitions is no guarantee of success and change is easier to achieve in some areas than others Understanding the roles that can be played by organized women s movements key actors and the wider political environment is crucial in helping us to explain why these gender outcomes vary in different contexts This book addresses important debates within the study of both comparative politics and gender and politics and substantially improves our understanding of the ways in which transitions to democracy are gendered

Human Rights and Capitalism Janet Dine,A. Fagan,2006-01-01 Human Rights and Capitalism brings together two important facets of the globalization debate and examines the complex relationship between human rights property rights and capitalist economies

Human rights issues have become increasingly important in this debate and their place as harbingers of justice or as an instrument of oppression is fiercely contended Both sides of this issue are considered in the contributions to this book and the complex relationships between human rights human dignity and capitalist economies are the themes running throughout the work Appearing at a time when these issues are a subject of extreme controversy this book is distinguished by its balanced and academic approach

The U.S. Military and Human Rights Promotion Jerry Laurienti, 2007-07-30 Many years before the U S military had to deal with the repercussions of abuses at Abu Ghraib prison in Iraq the U S armed forces were vigorously engaged in helping their Latin American counterparts to recognize the strategic imperatives of respecting human rights on the battlefield Before Iraqi accusations of massacre at Haditha forced the U S military to again scramble to defend its honor and reputation U S forces in Latin America were more than a decade into repairing their image after taking the blame for numerous human rights crises Indeed U S military relations with Latin America are at the center of numerous academic and policy debates particularly regarding U S military assistance and its impact on human rights and broader democratic development Until now however no book has focused on determining whether the U S military could serve as a primary source of human rights promotion Meanwhile U S military human rights promotion efforts in Latin America have become central to the Department of Defense Strategic Engagement Plan since the end of the Cold War The significant role of the U S military in promoting human rights around Latin America is unmatched by U S military efforts anywhere in the world This book documents an approach to human rights that could become a model for Department of Defense strategy and behavior around the world Perhaps the most important finding of this book is that the true heroes on the human rights front are not civilians but U S military officials a conclusion that is too often ignored by activists missed by scholars and would have been unthinkable only a decade ago

Political Parties and Democracy Larry Diamond, Richard Gunther, 2001-12-21 Political parties are one of the core institutions of democracy But in democracies around the world rich and poor Western and non Western there is growing evidence of low or declining public confidence in parties In membership organization and popular involvement and commitment political parties are not what they used to be But are they in decline or are they simply changing their forms and functions In contrast to authors of most previous works on political parties which tend to focus exclusively on long established Western democracies the contributors to this volume cover many regions of the world Theoretically they consider the essential functions that political parties perform in democracy and the different types of parties Historically they trace the emergence of parties in Western democracies and the transformation of party cleavage in recent decades Empirically they analyze the changing character of parties and party systems in postcommunist Europe Latin America and five individual countries that have witnessed significant change Italy Japan Taiwan India and Turkey As the authors show political parties are now only one of many vehicles for the representation of interests but they remain essential for recruiting leaders structuring electoral choice and organizing government To the extent that parties are weak and

discredited the health of democracy will be seriously impaired Contributors Larry Diamond and Richard Gunther Hans Daalder Philippe Schmitter Seymour Martin Lipset Giovanni Sartori Bradley Richardson Herbert Kitschelt Michael Coppedge Ergun Ozbudun Yun han Chu Leonardo Morlino Ashutosh Varshney and E Sridharan Stefano Bartolini and Peter Mair

Conservative Parties, the Right, and Democracy in Latin America Kevin J. Middlebrook, 2000 *The New Politics of Inequality in Latin America* Douglas A. Chalmers, 1997-01-30 Against a broader backdrop of globalization and worldwide moves toward political democracy *The New Politics of Inequality in Latin America* examines the unfolding relationships among social change equity and the democratic representation of the poor in Latin America Recent Latin American governments have turned away from redistributive policies at the same time popular political and social organizations have been generally weakened inequality has increased and the gap between rich and poor has grown Hanging in the balance is the consolidation and the quality of new or would be democracies this volume suggests that governments must find not just short term programmes to alleviate poverty but long term means to ensure the effective integration of the poor into political life *The New Politics of Inequality in Latin America* bridges the intellectual chasm between on the one hand studies of grassroots politics and on the other explorations of elite politics and formal institution building It will be of interest to students and scholars of contemporary Latin American politics and society and more generally in the vicissitudes of democracy and citizenship in the late twentieth century global system *Democracy and Human Rights in Latin America* Richard S. Hillman, John A. Peeler, Elsa Cardozo Da Silva, Elsa Cardozo de Da Silva, 2002 Political scientists who have lived and studied in Latin America and are engaged in promoting a more humane world through scholarship and other activities share their observations and analyze how progress in that region can contribute to understanding other parts of the world The seven essays were selected and expanded from presentations at the April 2000 meeting of an annual conference in Rochester New York Annotation copyrighted by Book News Inc Portland OR *Women, Gender, and Human Rights* Marjorie Agosín, 2001 II WOMEN AND HEALTH **Multiculturalism and American Democracy** Symposium on Science, Reason, and Modern Democracy, 1998 The fourteen essays in this volume address the pros and cons of multiculturalism and explore its relationship with liberal democracy *Challenges of Human Rights in Latin America* César Landa, 2018-11-07 Latin America offers a democratic and constitutional process with the goals to respect fundamental human rights and control the excess of power Nevertheless the weaknesses of the rule of law s institutions does not guarantee for all citizens the protection of old and new rights In this sense the Inter American Fundamental Rights Conference organized by the Inter American Network on Fundamental Rights and Democracy RED IDD is an annual meeting of professors and researchers from the different universities of Latin America addressing topics of particular importance regarding the possibilities and challenges of the consolidation of the constitutional state in the region This book presents the minutes of the Fourth Inter American Fundamental Rights Conference and explores topics such as political rights and the consolidation of democracy in
