Right Thing:

Doing the Right Thing Scott Rae, 2013-11-26 According to author Scott B Rae in *Doing the Right Thing* our culture is in an ethical mess because we've neglected moral training and education. This book proposes that there is such a thing as moral truth that it can be known and that it can be put into practice. Looking specifically at the areas of medicine, the marketplace, public life, education, and the family, Rae shows how foundational ethical principles can guide you in making moral day to day decisions. Informed by Scripture and calling for a renewed understanding of the importance of the Christian faith in moral training, *Doing the Right Thing* issues a call for cultivated virtue that can bring about both better lives and a better society. You will find yourself examining the ways in which ethical and character issues relate to your life. As a result, you will be better equipped to promote virtue in your own spheres of influence and the culture at large.

Surrounded by Setbacks Thomas Erikson, 2021-11-02 Part of the bestselling *Surrounded by Idiots* series. In *Surrounded by Setbacks*, internationally bestselling author Thomas Erikson turns his attention to a universal problem: what to do when things go wrong. Too often it seems like our dreams and ambitions, whether it's finally getting that corner office, lacing up your running shoes again, or building a flourishing relationship with your partner, are derailed by one roadblock or another. So how do we learn to take setbacks in stride and still achieve our goals? In *Surrounded by Setbacks*, Erikson answers that question. Using simple, actionable steps, Erikson helps readers identify the why behind their goal, create a concrete plan towards achieving it, and most importantly, avoid many of the most common pitfalls that derail us when we attempt something new. The simple 4-color behavior system that made *Surrounded by Idiots* revolutionary now helps readers reflect on how they respond to adversity, giving them the self-awareness to negotiate the inevitable obstacles of life with confidence.

For Von Holzen's new system of making malgamate is not new at all, but an old system revived which was set aside many years ago as too deadly. If it is not this identical system, it is a variation of it. They are producing the stuff for almost nothing at the cost of men's lives. In plain English, it is murder, and it must be stopped at any cost. You understand.
