**You have the right to a good education.**

**You have the responsibility to do your best.**

# Rights Responsibilites

**Elizabeth Cady Stanton**

## **Rights Responsibilites:**

Responsibility Ghassan Hage, Robyn Eckersley, 2012-08-01 The concept of responsibility permeates social life While it has many meanings they often centre around questions of practical and moral accountability culpability and liability One can learn a great deal about a social formation by looking at the way the meanings of responsibility are deployed within it the way they vary from one social space to another and the way they are often at the centre of a political struggle over how we define and apportion blame The essays in this book do more than examine such processes Each in its own way also invites the reader to push existing assumptions about what individual political ecological and corporate responsibility entails

**The Communitarian Constitution** Beau Breslin, 2006-09-21 Bowling Alone the title of Robert Putnam's 1995 article later a bestselling book perfectly captured a sense of national unease Somewhere along the way America had become a nation divided by apathy and the bonds that held together civil society were disappearing But while the phrase resonated with our growing sense of atomization it didn't describe a new phenomenon The fear that isolation has eroded our social bonds had simmered for at least two decades when communitarianism first emerged as a cogent political philosophy Communitarianism as explained in the works of Michael Sandel Alasdair MacIntyre Amitai Etzioni and others elevates the idea of communal good over the rights of individuals Throughout the 1980s and 1990s communitarianism gained popular and political ground The Clintons touted its principles in the 90s and the two presidents Bush make frequent references to its central tenets In its short life the philosophy has generated plenty of books both pro and con Beau Breslin's authoritative and original examination *The Communitarian Constitution* contributes to the debate from a wholly original standpoint Existing critiques focus on the debate between liberalism and communitarianism in other words the conflict between individual rights and the communal good Breslin takes an entirely different stance examining the pragmatic question of whether or not communitarian policies are truly practicable in a constitutional society In tackling this question Breslin traces the evolution of American communitarianism He examines Lincoln's unconstitutional Civil War suspension of habeas corpus and draws on Federalist and Anti Federalist arguments pegging the Anti Federalists as communitarians intellectual forebearers He also grounds his arguments in the real world examining the constitutions of Germany and Israel which offer further insight into the relationship between constitutionalism and communitarianism At a moment when American politicians and citizenry are struggling to balance competing needs such as civil rights and homeland security *The Communitarian Constitution* is vital reading for anyone interested in the evolving tensions between individual rights and the good of the community

*Handbook of Peace and Conflict Studies* Charles Webel, Johan Galtung, 2007-03-12 This major new Handbook provides a cutting edge and transdisciplinary overview of the main issues debates state of the art methods and key concepts in peace and conflict studies today The Handbook of Peace and Conflict Studies will be essential reading for students of peace studies conflict studies and conflict resolution It will also be of interest and use to practitioners in conflict resolution and NGOs as

well as policy makers and diplomats      **International Corporate Legal Responsibility** Stephen Tully, 2012-01-06 This book provides a systematic and structured treatment of the responsibilities of corporations under the broad conception of international law emerging from these developments gathered under the headings of environmental protection and sustainable development international criminal law corporate governance labour standards and human rights Touching upon a variety of areas of law and legal process including corporations law tort law criminal law contract law securities regulation international trade taxation and accounting standards the analysis emphasises the principal applicable international legal instruments and jurisprudence and the procedural mechanisms processes and fora by which corporations may be adjudged responsible Each chapter goes on to identify practical considerations for corporations as well as for those who advise and manage them      *Routledge Handbook of International Human Rights Law* Scott Sheeran, Sir Nigel Rodley, 2014-08-07 The Routledge Handbook of International Human Rights Law provides the definitive global survey of the discipline of international human rights law Each chapter is written by a leading expert and provides a contemporary overview of a significant area within the field As well as covering topics integral to the theory and practice of international human rights law the volume offers a broader perspective through examinations of the ways in which human rights law interacts with other legal regimes and other international institutions and by addressing the current and future challenges facing human rights Providing up to date and authoritative articles covering key aspects of international human rights law this book work is an essential work of reference for scholars practitioners and students alike Chapter 35 of this book is freely available as a downloadable Open Access PDF under a Creative Commons Attribution Non Commercial No Derivatives 3.0 license [https://www.routledgehandbooks.com/doi/10.4324/9780203481417\\_ch35](https://www.routledgehandbooks.com/doi/10.4324/9780203481417_ch35)      **Corporate Social Responsibility** Kathryn Haynes, Alan Murray, Jesse F. Dillard, 2013 This volume sets the agenda for a developing field of thought from a variety of perspectives from academia policy business and the professions Articulating current thinking each subject is represented by a scholarly presentation together with responses from other researchers and practitioners in the field The book explores and critiques corporate social responsibility CSR goals and national organizational and managerial strategies whilst reviewing the importance sustainability and long term value of CSR practice to corporations and civil society      **New Labour, New Language?** Norman Fairclough, 2000 Written in a clear style and including a comprehensive glossary The Language of New Labour should appeal to anyone interested in language or politics      *What Are Rights and Responsibilities?* Leslie Harper, 2012-08-15 Readers will learn about a citizen's rights and responsibilities through engaging accessible text After reading they will be able to define the difference between a right and a responsibility gives examples of rights people have stood up and fought for and of responsibilities that are part of good citizenship Readers will gain a new understanding of the importance of the relationship between citizenship and society      **Responsibility in World Business** Lene Bomann-Larsen, Oddny Wiggen, 2004 This publication considers a range of issues relating to corporate responsibility

including how companies should deal with the harmful side effects of their business operations and how to conduct business in a responsible manner in countries where human rights abuses are widespread or where the environment is being degraded. It offers an approach to corporate decision making based on the principles of just war theory primarily the principle of double effect. The proposed normative framework can be used both as a tool for performance evaluation and as a set of guidelines for conducting business in an ethically responsible manner. It contains a number of case studies which highlight the usefulness of incorporating the principle of double effect into corporate decision making and show how the proposed framework can help companies assume responsibility for the impact of their operations on multiple stakeholders.

Hand-book of International Law Edwin Forbes Glenn, 1895      **History of Woman Suffrage** Elizabeth Cady

Stanton, 1882      Socialism and Christianity Adolphus Julius Frederick Behrends, 1885      **By Order of the President** Phillip J. Cooper, 2002. Cooper defines the different forms these powers take: executive orders, presidential memoranda, proclamations, national security directives, and signing statements. He demonstrates their uses, critiques their strengths and dangers, and shows how they have changed over time. Here are Washington's Neutrality Proclamation, Lincoln's Emancipation Proclamation, and the more than 1,700 executive orders issued by Woodrow Wilson in World War I. FDR issued many executive orders to implement his National Industrial Recovery Act but also issued one that led to the incarceration of Japanese Americans during World War II. Truman issued orders to desegregate the military and compel loyalty oaths for federal employees. Eisenhower issued numerous national security directives. JFK launched the Peace Corps and issued an order to control racial violence in Alabama. All through executive action.      Corporate Responsibility and Legitimacy James J. Brummer, 1991-06-24. Drawing upon research from a variety of disciplines, this volume offers a systematic discussion of the issues and assumptions of the corporate responsibility debate. James J. Brummer provides an extensive review of the relevant literature and develops a methodology for treating specific problems of corporate responsibility, illustrating its use in actual practice. The book also proposes a theory of corporate responsibility and legitimacy that builds upon the concept of accountability and explores the relevance of applying methods of study traditionally associated with the humanities to contemporary problems of corporate ethics. The author begins by addressing general concepts and principles, including types of corporate responsibility, relations of accountability, models of the corporation, and theories of institutional legitimacy. Part Two outlines the four theories of corporate responsibility: the classical stakeholder, social demandingness, and social activist theories, and examines their major premises and supporting evidence. Two chapters treat the specific issue of plant closing or relocation in relation to each of the four theories of corporate responsibility. Finally, the author discusses collective and subordinate responsibility, paying particular attention to the concept of whistleblowing. The concluding chapter summarizes the corporate responsibility debate and analyzes various models of accountability. An ideal supplemental text for courses in business ethics and public administration, this volume is also an invaluable resource for executives confronted with issues of

corporate responsibility in their own operations      History of Woman Suffrage: 1861-1876 Elizabeth Cady Stanton, Susan Brownell Anthony, Matilda Joselyn Gage, Ida Husted Harper, 1881      Official Reports of the Debates of the House of Commons of the Dominion of Canada Canada. Parliament. House of Commons, 1885      *Mother's Help and Child's Friend* Carrica Le Favre, 1890      *Social Responsibility and Strikes* Neil W. Chamberlain, 1953      Pacific Rural Press, 1878      **History of woman suffrage. Vol.1-3, ed. by E.C. Stanton, S.B. Anthony, and M.J. Gage; vol.4, ed. by S.B. Anthony and I.H.
