Conspiracy Theories and Other Dangerous Ideas Cass R. Sunstein, 2014-03-18 A collection of controversial essays touches upon an array of issues from marriage equality and conspiracy theories to animal rights Alternative Theories of the Firm Michael Pirson, David M. Wasieleski, Erica L. Steckler, 2021-12-28 The Theory of the Firm is commonly viewed as axiomatic by business school academicians Considerations in spanning organizational structures their boundaries and roles as well as business strategies all relate to the Theory of the Firm The dominant Theory of the Firm poses that markets act perfectly to maximize the well being of society when people act to maximize the personal utility of their individual purchases and firms act to maximize financial returns to their owners However burgeoning evidence and discourse across the scientific and policy communities suggests that the economic social and environmental consequences of accepting and applying this theory in the organization of business and society threaten the survival of the human species among countless others This book provides the latest thinking on alternatives to the Theory of the Firm as cornerstone of managerial decision making Authors explore and elucidate theories that help us understand a firm differently and suggest alternatives to the Theory of the Firm This book will be of value to researchers academics practitioners and students interested in leadership strategic management and the intersection of corporate interests and the well being of the society The Supreme Court, Race, and Civil Rights Abraham L. Davis, Barbara Luck Graham, 1995-07-25 Providing a well rounded presentation of the constitution and evolution of civil rights in the United States this book will be useful for students and academics with an interest in civil rights race and the law Abraham L Davis and Barbara Luck Graham s purpose is to give an overview of the Supreme Court and its rulings with regard to issues of equality and civil rights to bring law political science and history into the discussion of civil rights and the Supreme Court to incorporate the politically disadvantaged and the human component into the discussion to stimulate discussion among students and to provide a text that cultivates competence in reading actual Supreme Court cases
