Photopoetry 1845-2015 Michael Nott, 2018-05-31 From amateur experiments in scrapbooks and stereographs to contemporary photobook collaborations between leading practitioners poets and photographers have created an art form that continues to evolve and deserves critical exploration Photopoetry 1845 2015 a Critical History represents the first account of this challenging and diverse body of work Nott traces the development of photopoetic collaboration from its roots in 19th century illustrative practices to the present day Focusing on work from the UK and US he examines how and why poets and photographers collaborate and explores the currents of exchange and engagement between poems and photographs on the page The book not only considers canonical figures but brings to light forgotten practitioners whose work questioned and shaped the relationship between word and image Photopoetry 1845 2015 a Critical History provides a new lens through which to explore poetry photography and the spaces between them
