painted on their keys We do not show the note duration we just group the circles closer to each other to show the rhythms
 You can experiment with a duration on your own Because most tongue drums include and are tuned to involve the notes of
 the main octave all songs from this book are possible to play in one octave This book includes very simple popular children s
 and folk songs but even well known children s songs played on the drum will create an unusual magical sound Attention
 Songs have been transposed for a DIATONIC range Some melodies might be changed and simplified Contents Alphabet Song

Ultimate Easy Tongue Drum Guide Helen Winter, Playing traditional music notes is
 difficult for people who have no musical knowledge You need to know the rhythmic value of each note its place on the staff
 note duration and combination with other notes To be aware of all this simultaneously demands music experience and
 advanced skills Nevertheless even if you have never studied music you can begin to play complicated melodies and also
 experiment with your tongue drum in a meditative way The steel tongue drum aka tong drum tank drum gluck o phone hapi
 drum mandala or lotus drum and the handpan aka hank drum UFO drum zen drum are percussion musical instruments
 designed to help you focus on your feelings sensations and body You don t need classical music training or knowledge of
 music theory to play them We collect very simple and well known songs and melodies with easy rhythms You can begin to
 play in just two steps First you will play using circles that contain either a number without having to consider note duration
 key or time signatures These numbers correspond to those on the keys of your tongue drum So you just need to follow the
 numbers You can get an idea of how the song might be played by listening to the YouTube clip of the same song which you
 can access with the QR code below each song Then if you find that you can play the song with more confidence you can try
 using the second page of the same song with the actual notes There the same melody is written in a traditional manner with
 all the necessary musical symbols However we simplified the melodies in this step as well transposing the most songs for one
 octave leaving the numbers under the notes We hope that playing these simple melodies will bring you a new relaxation and
 meditation experience filled with a lot of joy Contents Alphabet Song Bobby Shafto Cobbler Mend My Shoe Chumbara Ding
