Revised and re published Daniel Ford has spent half his life uncovering an agenda by what he calls a global cult to enslave humanity on every level In Daniel Ford s first book Paper View In Print a nightmare agenda of total human control and manipulation affecting every area of human life was laid out and detailed Ford takes the story further and deeper in Reality Check and reveals the ultimate controllers of our world and why their agenda exists at all Reality Check is best read alongside Paper View in Print to allow the full complex picture of humanity s plight to be seen in its entirety Many of the changes in society since 2020 were predicted in Paper View In Print because once you know the global agenda and its structure and method of imposition calling the future is very simple Reality Check places current events into their true context and explains humanity s plight with rare clarity and simplicity The central premise of Reality Check is to question everything right down to the nature of reality itself which is detailed extensively in this blockbuster new book Never before in human history has testing our own perceptions been more necessary and in this extraordinary new book over 860 pages Ford challenges the reader to reassess their perception of reality and everything they thought they knew Only by doing so Ford contends do we stand a chance of living in a world of health freedom and prosperity which he says in an upbeat conclusion is within our grasp if we only choose to take it How do we claim this new world of respect for humanity The answers are in Reality Check and you might be surprised by just how simple and achievable they are and how quickly they can be realised In an era of cancel culture and ever increasing censorship Reality Check is the most explosive and controversial book of modern times not only due to its content but also the environment into which it is published Daniel Ford has had the courage to write it Do you have the courage to read it Prepare for a perception reboot that will stretch your current worldview to breaking point The book also features 364 pages demolishing the Covid 19 hoax including 142 pages exposing the Covid 19 vaccine crime against humanity Why do people think what they do How do we see the world How are we manipulated to see the world and current events Reality Check dives deep into the human psyche to examine human perception and how to set our minds and therefore our world free The book explores how human perception is formed maintained and perpetuated and thus provides the ultimate answer to true freedom Daniel Ford reveals the mechanisms of mass manipulation and control and thus the keys to set ourselves free We live in extraordinary times and face the most enormous challenge to our individual and collective freedom We either stand up now and take back our perceptions to take back our freedom or stay silent and regret it forever with the children and grandchildren of today taking the consequences It s time for a Reality Check [Astronomy](#) ,1987 [Contemporary Astronomy](#) Jay M.
